**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 15, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education  
Robert Wolfe, Financial Officer  

**Agenda Topic:** District Intervention

**Expected Outcome:** The Board will receive background and progress information regarding East St. Louis SD 189 and North Chicago CUSD 187

**Materials:** Consent Decree

**Purpose of Agenda Item**

Board Members will receive background and progress information that will help guide the agency.

**Background Information/History**

**East St. Louis SD 189:**

Like in North Chicago, the State Board of Education attempted to improve the academic and financial outlook of East St. Louis School District #189 (District 189). The IGA, which was entered into in 2011, required the district to take specific action to improve the district financially and academically. It required the school board to appoint Arthur Culver as district superintendent.

The State Board voted In April 2012 to install a Financial Oversight Panel in District 189 due to the extreme financial difficulties of the district. The FOP was appointed pursuant to 105 ILCS 5/1H of the School Code and is composed of five members from East St. Louis and the surrounding communities.

District 189 failed to comply with the IGA, so the State Board voted in June 2012 to remove the school board and directed the State Superintendent to appoint an Independent Authority. In the same month, five of the school board members sued ISBE to prevent the removal of the school board. Ultimately, that lawsuit was resolved in May 2013 by a Consent Decree issued in St. Clair County Circuit Court, a copy of which is attached. The Consent Decree allowed the school board members to stay in office, but vested final control in all decisions related to the district with the State Superintendent. The Consent Decree requires that District Superintendent Culver must make a recommendation to the school board on any matter related to the district. If the school board disagrees with the district superintendent, the State Superintendent will make the final decision. The Consent Decree also sets forth specific benchmarks that the district must meet in order to exit from state oversight.

**North Chicago CUSD 187:**

The State Board voted In May 2012 to install a Financial Oversight Panel (FOP) in North Chicago Community Unit School District #187 (District 187) due to the extreme financial difficulties of the district. The FOP was appointed pursuant to 105 ILCS 5/1H of the School Code and is composed of five members from North Chicago and the surrounding communities.

The State Board of Education voted In June 2012 to remove the school board in District 187 pursuant to 105 ILCS 5/2-3.25f. The statute stated, in relevant part:

(b) In addition, if after 3 years following its placement on academic watch status a school district or school remains on academic watch status, the State Board of Education shall take one of the following actions for the district or school:

- (1) The State Board of Education may authorize the State Superintendent of Education to direct the regional superintendent of schools to remove school board members pursuant to Section 3-14.28 of this Code. Prior to such direction the State Board of Education shall permit members of the local board of education to present written and oral comments to the State Board of Education.

The State Board of Education may direct the State Superintendent of Education to appoint an Independent Authority that shall exercise such powers and duties as may be necessary to operate a school or school district for purposes of improving pupil performance and school improvement. The State Superintendent of Education shall designate one member of the Independent Authority to serve as chairman. The Independent Authority shall serve for a period of time specified by the State Board of Education upon the recommendation of the State Superintendent of Education.

(2) The State Board of Education may (A) change the recognition status of the school district or school to non-recognized, or (B) authorize the State Superintendent of Education to direct the reassignment of pupils or direct the reassignment or replacement of school district personnel who are relevant to the failure to meet adequate yearly progress criteria. If a school district is non-recognized in its entirety, it shall automatically be dissolved on July 1 following that non-recognition and its territory realigned with another school district or districts by the regional board of school trustees in accordance with the procedures set forth in Section 7-11 of the School Code. The effective date of the non-recognition of a school shall be July 1 following the non-recognition.

Following that vote in June, the State Superintendent directed the Regional Office of Education to remove the school board members and he appointed a five-member Independent Authority. The Independent Authority was sworn in during August 2012 and is made up of three community members, a representative from the Navy (North Chicago is home to the Great Lakes Naval Base), and one representative from the business community.

The vote of the State Board came after ISBE had attempted to rectify extreme mismanagement of the district by the members of the school board through an intergovernmental agreement (IGA). The prior board had not only mismanaged the finances of the district and failed to improve a district that was failing academically, but had also engaged in corruption, misuse of district funds, and nepotism in hiring. Many school board meetings would dissolve in screaming and yelling.

Following its installation, the Independent Authority placed the district superintendent on administrative leave and ultimately negotiated the termination of his contract, as well as the contracts of other members of the senior team. At the same time, the FOP brought in Dr. Ben Martindale to first serve as chief executive officer of the district and then ultimately as chief education officer.

In addition to oversight, both districts have been recipients of significant supplemental state funding:

\$000s	FY 2013	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	Total
East St. Louis	\$9,000.0	\$3,000.0	\$8,201.2	\$5,400.0	\$0.0	\$3,193.3	\$3,196.8	\$6,050.0	\$38,041.3
North Chicago	0.0	0.0	\$4,594.3	\$5,800.0	\$0.0	\$3,366.9	\$3,363.4	\$6,050.0	\$23,174.6
Total	\$9,000.0	\$3,000.0	\$12,795.5	\$11,200.0	\$0.0	\$6,560.2	\$6,560.2	\$12,100.0	\$61,215.9

The supplemental state funding and improved financial management on the part of each school district, as well as the oversight of the FOPs, has resulted in both districts receiving Recognition Status (highest designation) in the most recent Financial Profile.

East St. Louis Superintendent Art Culver and North Chicago Superintendent John Price will be presenting specific information to the Board regarding the progress the districts have made and the goals they have for the future.

IN THE CIRCUIT COURT  
TWENTIETH JUDICIAL CIRCUIT  
ST. CLAIR COUNTY, ILLINOIS

EAST ST. LOUIS SCHOOL DISTRICT  
NO. 189 BOARD OF EDUCATION,  
LONZO GREENWOOD, GEORGE A. MICHOM,  
VICTORIA A. CLAY, LEVONDIA M. NEELY, and  
KINNIS WILLIAMS, SR.,

v.

ILLINOIS STATE BOARD OF EDUCATION (ISBE),  
GERY J. CHICO, STEVEN R. GILFORD, DR. VINNI  
M. HALL, JAMES W. BAUMANN, DR. ANDREA S.  
BROWN, DR. DAVID L. FIELDS, LANITA J. KOSTNER  
AND MELINDA A. LaBARRE, as ISBE members, DR.  
CHRISTOPHER KOCH, as State Superintendent of  
Education, and SUSAN SARFATY, as St. Clair County  
Regional Superintendent of Schools,

Defendants.

Case No. 12-CH-783

CONSENT DECREE

Plaintiffs, the East St. Louis School District No. 189 Board of Education and its members, and Defendants, the Illinois State Board of Education and its members, Dr. Christopher Koch, as State Superintendent of Education, and Susan Sarfaty, as St. Clair County Regional Superintendent of Schools, hereby agree to the entry of this Consent Decree in order to obtain a full and final resolution of all claims alleged in the above-captioned case or that could have been alleged herein with respect to ISBE's actions to remove the District Board of Education members pursuant to Sections 2-3.25f(b) and 3-14.28 of the Illinois School Code, 105 ILCS 5/2-3.25f(b), 105 ILCS 5/2-14.28.

For purposes of this Consent Decree, the following terminology applies:

"District Board" is the East St. Louis School District No. 189 Board of Education.

"ISBE" is the Illinois State Board of Education.

"District Superintendent" is the Superintendent employed by the East St. Louis School District No. 189.

"State Superintendent" is the Illinois State Superintendent employed by the Illinois State Board of Education.

"District" is the East St. Louis School District No. 189.

Plaintiffs brought this case seeking injunctive relief preventing the removal of the District Board on the grounds that: (1) 2-3.25f(b) of the Illinois School Code is unconstitutional on its face because it impermissibly infringes on the fundamental right to vote, in violation of due process and equal protection and is an improper delegation of legislative authority; (2) 2-3.25f(b) is unconstitutional as applied because ISBE has failed to provide procedural due process, (3) 2-3.25f(b) is unconstitutional as applied because ISBE has violated equal protection by removing a select few of the over 120 boards of education subject to removal; and (4) it is improperly based on factors inapplicable under 3-2.35f(b) such as financial and other considerations.

ISBE denies all the claims brought by Plaintiffs and maintains that Sections 2-3.25f(b) and 3-14.28 of the Illinois School Code are constitutional on their face and as applied to the District. Further, ISBE maintains that the District's academic performance gives ISBE grounds to remove the Board of Education and the fact that other issues exist in the District, including dire financial conditions, does not undermine ISBE's use of 2-3.25f(b) to remove District Board members. ISBE further contends that, given the academic performance of the District, the best avenue for correcting the academic failure of the District is to remove the current District Board members and put in its place an Independent Authority (IA) to run the District in cooperation with the Financial Oversight Panel (FOP) currently in place in the District.

After discussions between representatives of the District Board and Defendants, the Plaintiffs have agreed that it is in their best interest and in the best interest of the District to settle this case on the terms set forth herein. The Plaintiffs enter into this Consent Decree on behalf of the entire District Board, including the members who did not initiate this lawsuit. Plaintiffs have met with all of the members of the District Board and counsel for the District and the entire District Board has agreed that this Consent Decree will bind the District Board and its members and successors for the term of this Consent Decree or any extension thereof. Prior to execution of this Consent Decree, the District Board met and approved this Consent Decree on April 4, 2013.

The Defendants continue to assert that the claims in this lawsuit are meritless but consider it desirable to settle this litigation in the interest of carrying out their reform efforts in the District.

The parties agree that this Consent Decree is final and binding as to the issues resolved herein. The Court shall retain jurisdiction over this action for the purpose of enforcing this Consent Decree. In the event that any objections or challenges are raised by third parties to the lawfulness or appropriateness of this Consent Decree, any provision hereof, or proceedings pursuant hereto, or that attempts are made to separately litigate these issues, the parties shall jointly defend the lawfulness of the matter challenged. Counsel for ISBE will take the lead role in defending the lawsuit.

By entering into this Consent Decree, the parties will work together to improve the outcomes for the students of the District.

NOW THEREFORE, IT IS HEREBY ORDERED, ADJUDGED AND DECREED THAT:

**I. Operation of the District**

- a. The District Superintendent will present to the District Board recommendations on all personnel, contracting, budgeting, policy, curriculum and other decisions for the District. For the purposes of this Consent Decree, (1) personnel decisions include hiring, placement, termination, and nonrenewal decisions regarding both certified and non-certified employees, as well as the approval of payroll; (2) contracting decisions include decisions to procure or enter into any contract, including union contracts or collective bargaining agreements, charter school contracts, grant agreements or other arrangements involving the receipt of funds or the allocation of District resources, and any and all expenditure(s) that may be related to any necessary repair work; (3) budgetary decisions include all District decisions related to approval of or revisions to the District budget, accessing of financial resources, the issuance of evidences of indebtedness or the development and/or approval of District tax levies; (4) policy decisions include all District decisions related to implementation of any and all policies which require District Board approval; (5) curriculum decisions involve all decisions related to the adoption of curriculum for the schools, including decisions on textbooks, instructional material and courses of study; (6) other decisions include all other decisions that require approval of the District Board, included but not limited to restructuring of schools, closing schools, selling school facilities, and redrawing attendance boundaries. The District Board will not make any decisions regarding personnel, contracting, budgeting, policy, curriculum or other decisions without the prior written approval of the District Superintendent, but the members of the District Board may communicate with and provide input to the District Superintendent concerning such decisions on behalf of District residents and shall vote to approve or reject the recommendation of the District Superintendent. The members of the District Board will have no other involvement in the recruitment, hiring or termination of any employees of the District. The members of the District Board shall not make any expenditure without the prior written approval and authorization of the District Superintendent.
- b. In the event that the District Board does not act in accordance with the recommendations of the District Superintendent on decisions on personnel, contracting, budgeting, policy, curriculum, and other decisions the matter will be referred to the State Superintendent for final decision. The State Superintendent may request additional information from the District Board, however, all final decision-making authority will rest with the State Superintendent. In the event the District Board is unable or unwilling to act on a recommendation of the District Superintendent within a timeframe that allows for achievement of the objectives in the Improvement Plan pursuant to Section III of this Consent Decree, compliance with regulatory requirements or any other actions deemed by

the District Superintendent to be in the best interest of the District, the District Superintendent may refer the matter directly to the State Superintendent for action on behalf of the District.

- c. The District Board shall cooperate with the District Superintendent and with ISBE and any ISBE partner as needed and as requested by the District Superintendent or ISBE with respect to the implementation of the Improvement Plan or with any other aspects of the administration of this Consent Decree. Throughout the term of this Consent Decree and any extension thereof, the District Board will consult with the District Superintendent and ISBE with regards to decisions and approvals made pursuant to this Consent Decree.
- d. The District Board shall conduct the performance evaluation of the District Superintendent in conjunction with the State Superintendent or designee. If, during the pendency of this Consent Decree, the position of District Superintendent becomes vacant, the State Superintendent will initiate and oversee a search for candidates and shall identify finalists for the position. The District Board will provide feedback on the finalists to the State Superintendent within the timeframe requested. The State Superintendent will then make a final selection and will direct the District Board, in writing, to hire or otherwise enter into a contract with the selected candidate. The District Board shall not hire or otherwise enter into a contract with an individual to become District Superintendent unless and until the District Board has received written authorization of the State Superintendent to hire or otherwise enter into a contract with such an individual.
- e. Twice a year, community forums will be held by the District Board and the District Superintendent. The purpose of these meetings will be to inform community members of the state of the District, including but not limited to, a discussion of the development and implementation of any and all improvement plans, the achievement of students within the District and governance of the District Board. The forums will be held at locations to be determined, but all efforts will be made to hold these meetings in locations all around East St. Louis.
- f. The FOP will remain in place following the execution of this Consent Decree and will continue in operation as provided for in Articles 1B and 1H of the Illinois School Code.
- g. ISBE shall appoint a liaison, at its expense, to periodically meet and confer with the District Superintendent, the District Board President and the District Financial Oversight Panel Chairman as necessary, but at least once per quarter in order to facilitate communications, clarify any misunderstandings, mediate any disagreements and address any concerns concerning the decisions referenced in Section I.a. hereof or other District matters.

## II. District Review Process/Audit

- a. The District shall engage in a diagnostic review audit designed to help the District and its schools improve student performance by analyzing current practices against effective research based practices, identifying areas of strength and areas needing improvement.

- b. The review will be conducted by an external team of skilled reviewers to be paid for by the District. The District Superintendent and the District Board will work with the State Superintendent to identify an appropriate team of reviewers. A final selection decision will be made by the State Superintendent.
- c. The review will include a review of curriculum, instruction and assessment, school climate and culture, leadership, maintenance and operations, facilities, transportation, special education services, organizational structure and resources, human resources, professional development, community and family involvement and comprehensive and effective planning.

### III. Improvement Plan

- a. Within 90 days after the completion of the review/audit required in Section II of this Consent Decree, the District Superintendent will submit an Improvement Plan to the State Superintendent and to the District Board. This plan will require final approval of the State Superintendent. The Improvement Plan will include provisions on the following:
  - i. The improvement of District Board governance through development and implementation of a District Board member training plan in compliance with Section 10-16a of the Illinois School Code and development and implementation of general operating principles for District Board/staff roles and interactions.
  - ii. The development and implementation of a corrective plan for District noncompliance with any and all regulatory requirements.
  - iii. The development and implementation of an instructional improvement plan for the District and for each school with specifics on community and parental involvement. This plan will set forth specific academic performance goals.
  - iv. The development of a staffing needs analysis and plan to determine critical staff needs within the District to support the instructional improvement plan and corrective plan for noncompliance. In addition, the Improvement Plan will include the development and implementation of a strategy for attracting candidates and posting positions to meet the District's staffing needs.
  - v. The development and implementation of a facilities plan for the maintenance, repair and improvement of all District facilities.
  - vi. The development and implementation of a plan for the financial operation of the District, addressing, at minimum, the District's projected revenues and expenditures and a description of the means by which the District's budget will be brought into balance.
- b. The District Superintendent will update this Improvement Plan on a semi-annual basis and submit it to the State Superintendent. In addition, the District Superintendent will submit an annual report on or before June 30<sup>th</sup> of each year describing implementation of the Improvement Plan and planned activities for the upcoming year to continue implementation.

#### **IV. Accreditation**

The District Board, by and through the District Superintendent, shall:

- a. meet all accreditation standards, policies, and procedures of AdvancED.
- b. host an external review team from AdvancED at least once every 5 years. These visits will follow a self-assessment by the District Board and District Superintendent and will follow confirmation from the District Board and District Superintendent that it is ready for an external review visit.
- c. engage in continuous improvement as detailed in Section V of this Consent Decree in order to achieve and maintain its accreditation.
- d. submit accreditation reports to AdvancED and the State Superintendent on a schedule to be determined by AdvancED.
- e. upon achieving full accreditation, maintain the accreditation status for the term of this Consent Decree or any extension thereof.

#### **V. Term and Termination of the Consent Decree**

- a. The Consent Decree will terminate on motion of Plaintiffs or Defendants, if the Court finds that the District substantially meets the following criteria:
  - i. The District Board has demonstrated professionalism, integrity and sound governance in the District, including by following the operating procedures as set forth in the District Board's governance document and in the Improvement Plan.
  - ii. The District Board has a demonstrated record of compliance with state and federal law.
  - iii. The District has met the identified performance goals as set forth in the Improvement Plan, and academic achievement for the District is equal to or exceeds the average for both elementary and secondary schools of the districts listed in Attachment A. Additionally, the District's minority students, special education students and economically disadvantaged students are performing equal to or above the State averages for such populations as measured by the District and State Report Cards.
  - iv. The District has a graduation rate that is commensurate with the average of the districts listed in Attachment A. Additionally, the District's minority students, special education students and economically disadvantaged students have a graduation rate equal to or above the State averages for such populations as measured by the District and State Report Cards.
  - v. The District has an attendance rate that is commensurate with the average of the districts listed in Attachment A. Additionally, the District's minority students, special education students and economically disadvantaged students are performing equal to or above the State averages for such populations as measured by the District and State Report Cards.
  - vi. The District has reduced the truancy rate to a rate that is commensurate with the average of the districts listed in Attachment A. Additionally, the District's minority, special education students and economically disadvantaged students have a truancy rate equal to or below the State

- averages for such populations as measured by the District and State Report Cards.
- vii. The District has reduced the drop-out rate to a rate that is commensurate with the average of the districts listed in Attachment A. Additionally, the District's minority students, special education students and economically disadvantaged students have a drop-out rate equal to or below the State averages for such populations as measured by the District and State Report Cards.
  - viii. The District Board has effectively implemented the staffing plan as set forth in the Improvement Plan.
  - ix. The District Board has met goals and objectives of the facilities plan as set forth in the Improvement Plan.
  - x. The District Board has demonstrated a timely, efficient and effective allocation of resources to meet District needs and the District Board has established and followed fiscal controls as set forth in the Improvement Plan. In addition, the District has operated with a positive fund balance for at least 3 years.
  - xi. The District received a rating of Organized or above on the Sessentials survey.
  - xii. The District is fully accredited by AdvancEd as required by Section IV of this Consent Decree.
- b. In no event will this Consent Decree be dissolved in fewer than 4 years from the date of entry of this Consent Decree.
  - c. If the Court finds that the exit criteria have not been substantially met within 4 years from the entry of this Consent Decree, the agreement will automatically extend for another period of 4 years on the same terms as the original Consent Decree with any changes to be negotiated between the parties, subject to approval by the Court. In the alternative, the parties could agree jointly to seek dissolution of the District or to seek legislative change to allow for an alternative option for the District, including, but not limited to, chartering out the District or placing it in a state recovery school district. ISBE reserves the right to seek legislative change at any time during the pendency of this agreement allowing for an alternative option for the district if ISBE determines that there is insufficient funding to carry on the operations of the district.
  - d. At any time during the term of any extension, either party may seek termination of this agreement through a motion to the Court, on the basis that the District has substantially met the criteria set forth in V. a.
  - e. During the term of this Consent Decree or any extension thereof, ISBE and the State Superintendent shall not seek removal of the District Board or imposition of an IA pursuant to Sections 2-3.25f or Section 3-14.28, as now or hereafter amended, or any other statutory provision, as now or hereinafter enacted, or applicable law, except as allowed in V.f. or if expressly required to do so by any different statute enacted by the Illinois General Assembly in the future.
  - f. During the term of this Consent Decree or any extension thereof, the Court, upon Defendants' motion, may order the State Superintendent to appoint an IA to oversee all matters in the District if the State Superintendent demonstrates that the

actions of the District Board are undermining the efforts of the District Superintendent to meet the goals set forth in the Improvement Plan. While ISBE's position is that Section 2-3.25f(b) of the School Code, 105 ILCS 5/2-3.25f(b), provides powers for an IA that are co-extensive to that of a school board and that ISBE does not need a court order to appoint an IA under the statute, ISBE agrees, for purposes of this Consent Decree, that, if so ordered by the Court, the IA will function in the District as an oversight panel, meaning that: (1) All matters acted upon by the District Board will be reviewed by the IA for approval; (2) If the IA approves the action, it will then be executed by the District, except on matters that also must be reviewed by the FOP; (3) In such cases, the FOP will act on the item following the approval by the IA; (4) If the IA does not approve the matter, the item will fail and will not be acted upon by the District; (5) The IA will also have the power to receive items for action directly from the District Superintendent when the District Superintendent demonstrates that the District Board's inaction will result in harm to the District.

**VI. Execution of this Agreement and Court Jurisdiction**

- a. The Consent Decree will be effective upon entry by the Court.
- b. The Court shall retain jurisdiction over this matter for the purpose of enabling any party to the litigation to apply to the Court for such further orders as may be necessary or appropriate for implementation or enforcement of this Consent Decree.
- c. Each party shall bear its own attorneys' fees and costs and expenses.
- d. This Consent Decree may be modified or altered by the Court subject to good cause shown by any party.

SO ORDERED.

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 15, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education  
Irma Snopek, Policy and Communications Officer

**Agenda Topic:** 2019-20 Proposed Legislative Agenda

**Expected Outcome:** For the Board to approve a proposed legislative agenda for the Fall 2019 Veto Session and Spring 2020 Legislative Session

**Materials:** None

**Staff Contact(s):** Amanda Elliott, Executive Director, Legislative Affairs

**Purpose of Agenda Item**

The purpose of this agenda item is for the Board to approve a proposed legislative agenda for the Fall 2019 Veto Session and Spring 2020 Legislative Session.

**Background Information**

**Veto Session**

Subject: PA 101-0220 Trailer Bill

Executive Summary: This proposal would insert a provision in Article 21B of the School Code that would allow an individual who holds a high school diploma the option to receive an Educator License with Stipulations endorsed for paraprofessional if he or she successfully completes a paraprofessional competency test. This bill will also reinsert a provision that requires individuals who work in instructional positions in charter schools and do not have an educator license to successfully pass a content area test.

Subject: PA 101-0507 Trailer Bill

Executive Summary: This proposal would insert language in Article 14 of the School Code that extends the time, through September 30, 2021, for individuals to file due process hearing requests in connection with an allegation of delay or denial of special education or related services in the 2016-2017 or 2017-2018 school year by a school district organized under Article 34.

**Spring Session**

**Educator Preparation, Support, and Success – Licensure**

This proposal would make multiple modifications to School Code to support educator preparation, support, and success. Current recommendations include:

- Revise requirements for alternative licensure programs.
- Make licenses endorsed for visiting international educators valid for five years (currently three).
- Extend emergency provision for utilizing a substitute teacher in a vacant teaching position to 90 days (currently 30).
- Allow CTE educators to renew their licenses with a test of workplace proficiency, not just educators whose license was issued July 1, 2015, or later.
- Update language to conform with current licensure nomenclature.

**Healthy, Safe and Inclusive Schools – Educator Misconduct**

This proposal would make multiple changes to the School Code to ensure ISBE has access to information to support safe and healthy learning environments.

- Require the local state's attorney to notify ISBE when charges are filed against an individual who holds a license issued by ISBE to align with changes made by PA 101-0531.
- Require Regional Offices of Education and Intermediate Service Centers to submit rap backs (updated background check hits) to ISBE, notify the employer (if applicable), and update an educator's ELIS account within 10 business days of receipt of the rap back.

**Transparency and Efficiency – School Code Clean Up**

This initiative would be a continuation of ISBE's efforts to streamline School Code provisions and amend or repeal outdated or otherwise problematic provisions of the School Code. ISBE has introduced similar pieces of legislation over the last several years. Current recommendations include:

- Elimination of statutorily required groups that no longer meet.
- Move the special education child count from December 1 to October 1 to better align with Fall Enrollment Counts.
- In cases where mental illness is the cause of suspension or expulsion of a pupil, change the requirement for districts to invite representatives from Department of Human Services to board meetings to inviting a representative from a local mental health agency to board meetings.
- Changes to enrollment reporting for private special education facilities.

#### Student Assessment

This proposal is a placeholder proposal for possible legislative changes recommended through the assessment evaluation.

#### Continuous Improvement

This proposal is a placeholder proposal for possible legislative changes required by amendments to the State ESSA Plan.

#### **Superintendent's Recommendation**

The State Superintendent recommends that the State Board of Education adopt the following motion:

The State Board of Education hereby authorizes the following legislative proposals to move forward as agency-initiated proposals for the 2019 Veto Session:

- PA 101-220 Trailer Bill
- PA 101-507 Trailer Bill

The State Board of Education hereby authorizes the following legislative proposals to move forward as agency-initiated proposals for the 2020 Spring Session:

- Educator Preparation, Support, and Success – Licensure
- Healthy, Safe and Inclusive Schools – Educator Misconduct
- Transparency and Efficiency – School Code Clean Up
- Student Assessment – Placeholder
- Continuous Improvement – Placeholder

#### **Next Steps**

Staff will move forward with drafting all approved legislative proposals and will proceed with securing sponsors for the 2019 Veto Session and the 2020 Spring Legislative Session.

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 16, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education 

**Agenda Topic:** Strategic Plan

**Expected Outcome:** The expectation is to identify the mission, vision, and equity statements and goals that will be used by the agency

**Materials:** None

**Staff Contact(s):** None

**Purpose of Agenda Item**

The purpose of the Strategic Plan Update is for the Board to review the draft options discussed at the Board retreat in September.

**Background Information/History**

**Current Status:**

***The Board's preference is to replace the current agency goals with three broad goals. Until an amendment is completed, the goals referenced below will continue to serve as a small but necessary part of our accountability system.***

*Every child in each public school system in the State of Illinois deserves to attend a system wherein...*

- Ninety percent or more of third-grade students are reading at or above grade level.
- Ninety percent or more of fifth-grade students meet or exceed expectations in mathematics.
- Ninety percent or more of ninth-grade students are on track to graduate with their cohort.
- Ninety percent or more of students graduate from high school ready for college and career.

**Proposed:**

The following are two examples each of mission, vision, and equity statements and three goals. Board members will be asked to indicate if they prefer example one or two.

The **Mission** of the Illinois State Board of Education is to...

- **Draft One:** secure excellent opportunities and outcomes for all children in Illinois by providing transformative, data-informed, and equitable leadership and supports.
- **Draft Two:** collaborate with educational stakeholders to provide excellent educators, learning conditions, and outcomes for all students.

*Current: Provide leadership and resources to achieve excellence across all Illinois districts by engaging legislators, school administrators, teachers, students, parents, families, and other stakeholders in formulating and advocating for policies that enhance education, empower districts, and ensure equitable outcomes for all students.*

The **Vision** of the Illinois State Board of Education is that...

- **Draft One:** Illinois' pre-K through 12<sup>th</sup> grade education system equips all students with the knowledge, skills, and attitudes to thrive in paths of their choosing and to contribute to the civic and economic success of their communities.
- **Draft Two:** Illinois is a state where a person's ZIP code and demographics are no longer predictors of life outcomes and where all people can participate fully in social, civic, and economic success.

*Current: Illinois is a state of whole, healthy children nested in whole, healthy systems supporting communities wherein all people are socially and economically secure.*

The Illinois State Board of Education believes Illinois can achieve **Educational Equity** by...

- **Draft One:** liberating all students from policies, practices, and beliefs that inhibit access to the rigor, academic and social-emotional supports, and resources they need to succeed.
- **Draft Two:** ensuring that all policies, programs, and practices prioritize meeting each student's unique needs and by affirming the strengths that each child brings within their different backgrounds and life experiences.

*Current: ISBE Supports the Whole Child, the Whole School, and the Whole Community*

### **Statement on Fair Access and Equitable Support**

*The Illinois State Board of Education commits to promoting and implementing comprehensive policies, practices, and programs that ensure fair access to quality for all students in our state. When we act equitably, we raise whole, healthy children nested in whole, healthy schools and communities with differentiated support and equal opportunity to learn and succeed, irrespective of race, ethnicity, sexual orientation, gender, language, income, or ability. By investing in equity, we maximize all students' educational attainment, opportunities for success in the workforce, and contributions to their communities, and thus strengthen the whole state.*

### **Draft Board Goals...**

- Students:
  - **Draft One:** Ensure that all students are performing at grade level or higher, particularly in reading and math, at the end of each school year.
  - **Draft Two:** Ensure students will make academic gains by the end of each school year and to ensure we raise the knowledge, skills, and opportunities so that each student is empowered and equipped to pursue a successful future.
    - The priorities that will fall under this overarching goal are assessment and system of support.
- Learning Conditions:
  - **Draft One:** Ensure that students are learning in environments that are physically and emotionally secure.
  - **Draft Two:** Ensure that available resources are allocated in a manner that meets the specific needs of students.
    - The priority that will fall under this goal is Evidence-Based Funding.
- Quality of Staff
  - **Draft One:** Ensure that staff are adequately prepared, supported, and recognized so that students can be successful.
  - **Draft Two:** Ensure that every school has appropriate staff to meet the needs of our diverse student population.
    - The priority that will fall under this goal is educator preparation, support, and success.

### **Pros and Cons of Various Actions**

**Pros:** The new proposed options of the Strategic Plan offer attainable goals for everyone involved.

**Cons:** None.

**Board Member(s) Who Will Abstain:** None.

### **Recommendations:**

This draft of the Strategic Plan is for discussion at the October Board meeting.

**Illinois State Board of Education Meeting**

September 17

Horace Mann

1 Horace Mann Plaza, Springfield, IL

**ROLL CALL/PLEDGE  
OF ALLEGIANCE**

Chairperson Reisberg brought the meeting to order at 10:04 a.m. Roll call was taken and a quorum was present with eight members.

**Members Present in Springfield**

Darren Reisberg  
Dr. Donna S. Leak  
Dr. Christine Benson  
Cynthia Latimer  
Susie Morrison  
Dr. Cristina Pacione-Zayas  
Dr. Jane Quinlan  
Jacqueline Robbins

**Late Arrival – 10:43 a.m.**

Dr. David Lett

**INTRODUCTIONS**

Dr. Ayala introduced Irma Snopek, ISBE's new policy and communications officer.

Chairperson Darren Reisberg introduced Robert Hull, president and chief financial officer of National Association of State Boards of Education.

State Superintendent Dr. Carmen Ayala introduced Marita Zuraitas, president and chief executive officer of Horace Mann, who presented information about Horace Mann's history, mission, and vision.

**PUBLIC  
PARTICIPATION**

Kent Hawley, superintendent of Griggsville-Perry CUSD 4, expressed frustration about the Early Childhood Block Grant RFP process and being denied preschool funds.

**RETREAT  
OBJECTIVES**

Mr. Hull, members of the Illinois State Board of Education, and senior ISBE staff began the retreat by reviewing retreat objectives while continuing the work already begun on the strategic plan, with students, educators and stakeholders in mind.

**ICE BREAKER /  
TEAMBUILDING**

Dr. Ayala led the Board and senior staff members in an ice-breaking session. Several groups were formed and they discussed and reviewed ISBE's current mission, vision, and equity statements. Staff will continue to work to develop the mission, vision, and equity statements for the Board to review.

**BOARD AND  
AGENCY TEAM**

The Board and staff reviewed and discussed ISBE's equity statements of various organizations, while providing their own reflective thoughts and concerns.

**REVIEW OF THE  
ILLINOIS STATE  
BOARD OF  
EDUCATION'S  
VISION, MISSION AND  
EQUITY STATEMENT**

Dr. Ayala explained to the Board and staff the telescope concept of the strategic plan, looking through the lenses of equity, quality, collaboration, and community while focusing on the 2 million children in our state.

The Board and staff proceeded to review the draft goals: 1) student assessment; 2) educator preparation support and success; 3) system of support; and 4) Evidence-Based Funding. They all feature continuous improvement and are supported by research and data.

The Board and staff determined that the four proposed goals are better described as priorities under broader overarching goals. The Board and staff proposed three new goals: 1) student success; 2) learning conditions; 3) and quality teachers and leaders.

Dr. Pacione-Zayas expressed that the early childhood community may have concerns with implementing assessments in grades 1 and 2 and should be included in any process to develop these assessments.

**LEGISLATIVE  
AGENDA**

Amanda Elliott, executive director of Legislative Affairs, reviewed ideas for the legislative agenda with the Board and staff. The legislative agenda is expected to align itself to the budget agenda.

**APPRECIATIONS**

The Board and staff expressed their appreciations of each other and the retreat work done throughout the day.

**MOTION FOR  
ADJOURNMENT**

Dr. Lett made a motion to adjourn.

Dr. Leak, vice chair, seconded the motion, which passed by unanimous vote.

Chairman Reisberg adjourned the meeting at 4:46 p.m.

**Respectfully Submitted,**

**ROLL CALL/PLEDGE  
OF ALLEGIANCE**

Chairperson Reisberg brought the meeting to order at 9 a.m. Roll call was taken, and a quorum was present with nine members.

**Members Present in Springfield**

Chairperson Darren Reisberg  
Vice Chair Dr. Donna S. Leak  
Dr. Christine Benson

**INTRODUCTIONS**

State Superintendent Dr. Carmen I. Ayala introduced Irma Snopek, ISBE's new Policy and Communications Officer; Jennifer Kirmes, executive director of Teaching and Learning; and Krish Mohip, Deputy Officer of Operational Education.

Prior to public participation, Dr. Ayala commented on potential ESSA updates. Dr. Ayala noted that the potential amendment is not finalized and that she and the agency team will be engaging in a process to elicit extensive feedback before seeking action by the Board.

**PUBLIC SESSION  
ESSA**

Cynthia Lund from the Illinois Federation of Teachers (IFT) said IFT appreciates the opportunity for stakeholder engagement. IFT urges ISBE to make the following changes made to proposed amendment: the overall weighting of the academic and school quality/success indicators should reflect the maximum flexibility allowed under the Every Student Succeeds Act (ESSA) at 51% and 49%; exclude the growth indicator at the high school level; include chronic absenteeism as a metric as recommended by IBAM; do not require newly arrived English Learners to be tested; and reduce the summative designation categories to 3.

Nicole Wills from the Illinois Education Association (IEA) noted IEA would like the overall weighting of the academic and school quality/success indicators to be at 51% and 49%; English Learner students awarded points for progress toward English language proficiency and allowed to be exempted from assessments the first two years; include chronic absenteeism as a metric as it has significant impacts on other indicators of success.

Elliot Regenstein, a partner at Foresight Law + Policy, was very pleased to see the P2 indicator included and strongly encouraged the Board to keep it as is in the proposed amendment. Regenstein suggested there should be an indicator regarding supports provided to emergent bilinguals.

Dr. Pacione-Zayas asked Regenstein if the Latino Policy Forum has put together a formal recommendation on emergent bilinguals.

Regenstein indicated that the Latino Policy Forum has not yet put together a formal recommendation, but it is in progress.

## **PART 25**

Tony Reeley, executive director of Eastern Illinois Area Special Education; Todd Taylor, assistant superintendent for Student Services for Urbana School District 116; and Jan Percy, superintendent of Tri County Special Education, spoke about the teacher shortage in Illinois, problems they see with special education licensure, and about ways to support special education teachers. They endorse the changes the State Superintendent is recommending be made to Part 25.

Susan Lee, a special education teacher from Champaign, spoke to Section 25.43 of the rules. She would like to see Section 25.43 modified because she feels the requirements for the LBS1 endorsement are insufficient to address the diverse and complex needs of special education students.

## **IFSOE**

Sue Taylor, president of the Illinois Federation of State Office Educators Local 3236, (IFSOE); Paula Williams, IFSOE Secretary; and Amy Bianco, IFSOE treasurer, spoke about the expiration of the union contract on June 30, 2019 and gave a negotiations update. IFSOE implores the Board to encourage ISBE management to reach an acceptable agreement as soon as possible.

## **RESOLUTION**

Dr. Benson read the Resolution Ensuring Safe and Welcoming Public Schools for All Illinois Students to the Board and public. The words “the current political climate” will be removed.

Dr. Benson made a motion for the Illinois State Board of Education to approve, as amended, the Resolution Ensuring Safe and Welcoming Public Schools for All Illinois Students.

Dr. Leak, vice chair, seconded the motion and it passed by unanimous voice vote.

## **STUDENT ADVISORY COUNCIL (SAC)**

Mary Reynolds, executive director of Regulatory Services, explained the three focus areas of the Student Advisory Council for this school year. They are equity and diversity, student success, and student safety. The students stated their names, their schools, and where they were from. They will provide more information in March 2020.

Chairperson Reisberg thanked them for taking the time to be a part of the Student Advisory Council.

**RICH HIGH SCHOOL  
DISTRICT 227**

Randy Alexander, board president of Rich Township High School District 227, raised concerns about voting processes of his board and is seeking some guidance from the State Board.

Dr. Ayala connected Alexander with a member of her staff and Chairperson Reisberg also suggested Alexander reach out to both the Illinois Association of School Boards and his district's Intermediate Service Center.

**PERKINS V**

Dr. Jason Helfer, deputy instructional education officer, presented a Perkins V update, which covered the following topics:

- Allotment of Funds – Local Slide
- Draft State Vision for CTE
- Alignment with State Initiatives
- Opportunities through Perkins V
- Secondary Performance Indicators
- Local Grantee Requirements
- Timeline

Dr. Lett asked if ISBE is assisting people on the needs assessment with a prototype to show what it will look like.

Dr. Helfer indicated that the agency is working on this.

Dr. Lett asked a follow up question on whether the needs assessment must be completed with both the local community college and local workforce.

Dr. Helfer said that there is a specific list of participants that is required. Dr. Helfer said that the list of required participants is more detailed than ESSA.

Ms. Morrison noted that there is a blurring of the line between traditional academics and career and technical education in the vision. She noted that she likes the vision. Ms. Morrison asked if it is the expectation that every student who goes through the system develop a career plan that informs their decision making along the way in school and beyond high school.

Dr. Helfer cautioned against saying that every student developing a plan is an expectation. Dr. Helfer described how the underlying philosophy in Perkins V is that experiences in school will help students explore opportunities.

Ms. Morrison asked is there is an opportunity to change the flow of funding to districts through the re-authorization of Perkins.

Dr. Helfer indicated there is, so long as no district receives less than their current funding. Dr. Helfer said that districts must generate \$15,000 in order to receive their own funding and that there are a number of districts that do not meet that threshold.

Ms. Morrison asked if there has been any conversation about utilizing the Intermediate Service Units to maximize the funding that goes to schools.

Dr. Helfer indicated that ISBE has, and continues to, look into this.

Ms. Morrison asked about the roles and responsibilities of an individual EFE.

Dr. Lett added that he has a similar question on how EFE's can be maximized.

Dr. Helfer elaborated on the roles of EFE's when it comes to career and technical education.

Dr. Pacione-Zayas asked about the plan to ensure that there is sufficient feedback using the online form. Dr. Pacione-Zayas is concerned given the low response rate on ESSA feedback.

Dr. Helfer said that ISBE plans to utilize Regional Offices of Education, ISBE communications staff to send to educator labor unions, and to employers. Dr. Helfer also noted that this plan will go through two layers of review, including a review by the Governor.

Dr. Leak asked how P-8 is included in the Perkins plan.

Dr. Helfer said that Perkins dollars can be used down to grade 5 under the re-authorization. Dr. Helfer also noted that there are Illinois CTE dollars for the K-4 space. That is still being planned.

Dr. Pacione-Zayas asked about the demographics of CTE students.

Dr. Helfer said that data will be provided.

Dr. Pacione-Zayas asked what the term "special populations" means and if it's not a mandated term, ISBE should consider more inclusive language.

Dr. Helfer said that the term "special populations" may be rooted in law, but that ISBE will explore how much room there is to change language.

**APPROVAL OF  
APPOINTEES TO STATE  
EDUCATOR  
PREPARATION AND  
LICENSURE BOARD**

Dr. Leak made a motion for the Illinois State Board of Education to approve the appointees to the State Educator Preparation and Licensure Board.

Ms. Latimer seconded the motion and it passed by a voice vote.

**CONSENT AGENDA**

Dr. Pacione-Zayas made a motion that the Illinois State Board of Education approve the Consent Agenda, with the exception of item No.

3 regarding Approval of the Contract for Statewide Survey of Learning Conditions. She also proposed a modification to the Aug. 14 Board minutes stipulating that the Pearson contract should have language pertaining to a communication strategy and plan should there be a security breach with student data.

Ms. Robbins seconded the motion and it passed by a unanimous roll call vote.

#### **Approval of Minutes**

- Plenary Minutes: Aug. 14, 2019
- Plenary Minutes Closed: Aug. 14, 2019

#### **Rules for Adoption**

##### **Part 25 – Educator Licensure**

Public Act 100-0596 made several changes to Article 21B of the School Code. Specifically, it added provisions in Section 21B-20 and 21B-35 for out-of-state educators who are seeking a short-term substitute teaching license or professional educator license and educators who are seeking subsequent teaching endorsements on their professional educator license. The proposed rules also make changes to Part 25 to reflect multiple Public Acts passed during the 100<sup>th</sup> General Assembly.

Dr. Leak requested that data be collected once the new rules are in place.

##### **Part 235 – Early Childhood – Preschool Expulsion**

Public Act 100-0105 provides that early childhood programs receiving State Board of Education grants for preschool educational programs shall prohibit the expulsion of children. Provides instead that when persistent and serious challenging behaviors emerge, the early childhood program shall document steps taken to ensure that the child can participate safely in the program and utilize a range of community resources.

This rulemaking sets forth the processes by which programs must document attempts to engage these resources. When there is documented evidence that these preventive measures have not corrected the child's behavior, the child may be transitioned into another program. In these instances, the program must create a transition plan to ensure continued services for the child. Early childhood programs are also required to report listed data to ISBE beginning July 1, 2018.

Dr. Pacione-Zayas requested that, after this rulemaking, further rulemaking be considered to require additional data be submitted regarding providers that transition children out of their programs.

### **Contracts & Grants Over \$1 Million**

#### **Approval of the Removal of Streator Elementary School District from Financial Difficulty Certification**

ISBE staff is recommending that the State Board approve the removal of Streator Elementary School District from financial difficulty as defined in Section 1A-8 of the School Code [105 ILCS 5/1A-8], based on the following:

- Significant improvements to the overall finances are greater than what was projected in the previous approved Financial Plan.
- The district no longer relies on long- or short-term debt.
- The district has a plan that will enhance services to students and continue to improve the ending fund balance.

#### **Approval of the YouthBuild Illinois Grant**

The mission of the YouthBuild Program is to unleash the intelligence and positive energy of low-income young people to rebuild their communities and lives. YouthBuild Illinois strives to empower struggling teens by focusing on achieving academic goals while also helping them to develop the job skills necessary to succeed in the work force. The Illinois YouthBuild Coalition works with approximately 10 sub awardees to implement programs throughout the state. Programs are administered by local communities, and each program is unique in its approach.

The Illinois YouthBuild Act (20 ILCS 1315/) became effective in 1998 with the purpose to:

- Enable economically disadvantaged youth, especially youth who have not finished high school, to obtain the education, job skills training, personal counseling, leadership development skills training, job placement assistance, and long-term follow-up services necessary for them to achieve permanent economic self-sufficiency. At the same time, the youths are providing valuable community service that addresses urgent needs, including the demand for affordable housing and the need for young role models and mentors for younger teenagers and children.
- Provide communities the opportunity to establish or rebuild neighborhood stability in economically depressed and low-income areas, as well as historic areas requiring restoration or preservation, while providing economically disadvantaged youth and youth who have not finished high school an opportunity for meaningful participation in society.
- Allow communities to expand the supply of affordable housing for homeless and other low-income individuals by utilizing the energies and talents of economically disadvantaged youth and young people who have not graduated from high school.
- Foster the development of leadership skills and a commitment to community development among youth.

YouthBuild Illinois has experienced much success with the implementation of its programs. Its latest reports show that 59 percent of program participants received a degree or certificate, 56 percent of participants were able to find placement in employment or further education, and 80 percent of participants displayed a measurable gain in skills. YouthBuild Illinois has also been able to complete 276 total housing units over the course of its program.

**Approval of the Contract for Statewide Survey of Learning  
Conditions (Tabled)**

This contract provides the supports and services to administer a Statewide Survey of Learning Conditions, as required by 105 ILCS 5/2-3.153. The survey is administered to students, teachers, and parents across the State of Illinois. Deliverables include software licensing and set-up for survey administration, survey communications, help desk support, online and in-person professional learning modules on data interpretation, survey scoring and an online reporting tool, professional learning and development regarding data usage and school improvement, and additional survey elements. The initial term of the survey contract will be for three years starting no sooner than Sept. 18, 2019, and ending June 30, 2022, with the possibility of two one-year renewals.

The survey was developed and supported by 20-plus years of research that found that schools strong on at least three of the five areas of the survey were 10 times more likely to show substantial gains in student learning over time than schools weak on three or more of the five essentials, which are effective leaders, collaborative teachers, involved families, a supportive environment, and ambitious instruction. That type of impact supports not just the Board's equity values, but also several of its other goals.

The previous contract with UChicago Impact for the survey of learning conditions expired on June 30, 2019. A Request for Sealed Proposals (RFSP) was released in February 2019; the successful bidder was UChicago Impact. The bid came in at \$3.753 million, which was above the projected contract amount of \$2.75 million for five years. The projected amount was based upon the previous RFSP and contracts that did not include new components that were added to the RFSP that was released in February 2019. Staff employed the best and final offer process with the entity but the same price was submitted.

**Acceptance Item**

State of Illinois Single Audit Report for the Year Ended June 30, 2018, Final Report.

Susie Morrison made a motion that Illinois State of Education approve that the Contract for Statewide Survey of Learning Conditions.

Dr. Leak seconded the motion and passed by roll call vote

**TABLED -  
APPROVAL OF THE  
CONTRACT FOR  
STATEWIDE SURVEY OF  
LEARNING CONDITIONS**

## **ESSA UPDATE**

Chairperson Reisberg abstained.

Dr. Ayala stated that, before releasing the proposed amendment for public comment, agency leadership will seek input and feedback from stakeholders.

Dr. Helfer and Rae Clementz, director of Accountability, provided the Board with an ESSA update. They spoke about data sources, such as letters from individuals, four categories of the amendment, and a survey.

Dr. Leak supported the inclusion of chronic absenteeism in the potential amendment and noted her concern with the proposed changes.

Dr. Leak has concerns about the shift to 12.5%/12.5% split in proficiency.

Dr. Helfer spoke to the way the survey and feedback from organizations is incorporated into developing the amendment. Dr. Helfer said that while individual answers to a survey are taken into account, ISBE also acknowledges and considers feedback from organizations representing key stakeholders, such as the Illinois Federation of Teachers, the Illinois Education Association, and management alliances.

## **ENTER INTO CLOSED SESSION**

12:30– 1 p.m.

Ms. Latimer made a motion for the Illinois State Board of Education to go into closed session for the following exception items:

- A. Meetings between internal or external auditors and governmental audit committees, finance committees, and their equivalents, when the discussion involves internal control weaknesses, identification of potential fraud risk areas, known or suspected frauds, and fraud interviews conducted in accordance with generally accepted auditing standards of the United States of America. 5 ILCS 120/2(c)(29).
- B. Litigation when 1) an action against, affecting, or on behalf of the particular public body has been filed and is pending before a court or administrative tribunal, or 2) the public body finds that an action is probably or imminent. If there is no filed or pending litigation, Section 2(c)(11) requires the public body to record and enter the finding of why an action is probable or imminent in the minutes of the closed meeting. 5 ILCS 120/2(c)(11).
- C. Collective negotiating matters between the public body and its employees or their representatives, or deliberations

concerning salary schedules for one or more classes of employees. 5 ILCS 120/2(c)(2).

Dr. Leak seconded the motion and it passed by a roll call vote.

**UPDATE  
CPS CORRECTIVE  
ACTION MONITOR  
REPORT**

Legal Officer Trisha Olson and Heather Calomese, executive director of Program Services, an overview of the CPS Corrective Action Monitor Report. They covered strands B - IEP meetings; C – electronic IEP systems; E – procedural manual and guidance; and F – Budgeting.

**EDUCATOR MISCONDUCT  
UPDATE**

Ms. Olson and Angela Brancato, assistant legal counsel, discussed the process concerning a misconduct investigation in Licensure. They currently have 461 open cases.

**EDTPA CUT SCORES**

Dr. Helfer updated the Board on an agency proposal to keep the current edTPA cut scores as they stand as opposed to raising the cut scores which had been part of a schedule approved by the previous Board. The Board was not asked to act on this proposal which will be discussed further at a later meeting.

**UPCOMING BOARD  
ACTIONS**

**MOBILE MUSEUM  
TOLERANCE EDUCATION**

Chairperson Reisberg briefly reviewed the upcoming Board action item regarding the Mobile Museum Tolerance Education grant. Dr. Pacione-Zayas asked that agency leadership be clear on the outcomes/impact it seeks and how that will be measured. Also, she wants to best ensure staffing is reflective of the diversity of the state.

**SPECIAL EDUCATION  
BEHAVIOUR  
ASSESSMENT  
AND TRAINING PROJECT**

Chairperson Reisberg briefly reviewed the upcoming Board action item regarding the Special Education Behavior Assessment and Training Project. The Board would like to know how many colleges offer school psychologist programs and what ISBE is doing to assist with the shortage.

**SPECIFIC LEARNING  
DISABILITY SUPPORT  
PROJECT**

Chairperson Reisberg briefly reviewed the upcoming Board action item regarding the Specific Learning Disability Support Project. This would offer support to schools, where needed.

**THE ILLINOIS CENTER OF  
TRANSITION AND WORK  
AT THE UNIVERSITY OF  
ILLINOIS AT URBANA-  
CHAMPAIGN**

Ms. Latimer wanted to know what impact, if any, students with IEPs who are in transition programs up to their 22nd birthday have on the calculation of districts' graduation rate.

**NOTICE OF FUNDING  
OPPORTUNITY/REQUEST  
FOR PROPOSALS FOR E-  
RATE STATE MATCHING  
GRANT PROGRAM**

No review or discussion needed.

**REQUEST FOR SEALED  
PROPOSALS FOR  
EXPANDED  
CONTRACTUAL  
MONITORING PROGRAM**

No review or discussion needed.

**FALL WAIVER REPORT**

The Fall Waiver Report will be transmitted to the General Assembly. Lawmakers will have two weeks to review.

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 16, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education   
Irma Snopek, Policy and Communications Officer   
Robert Wolfe, Financial Officer 

**Agenda Topic:** Part 100 (Requirements for Accounting, Budgeting, Financial Reporting, and Auditing)

**Expected Outcome:** Approval to file Part 100 (Requirements for Accounting, Budgeting, Financial Reporting, and Auditing) proposed rules in the *Illinois Register* to elicit public comment

**Materials:** Appendix A: Part 100 (Requirements for Accounting, Budgeting, Financial Reporting, and Auditing) Proposed Rules

**Staff Contact(s):** Deb Vespa, Director, School Business Services  
Amanda Elliott, Executive Director, Legislative Affairs  
Azita Kakvand, Agency Rules Coordinator, Legislative Affairs

**Purpose of Agenda Item**

The School Business Services Department requests Board approval to authorize the State Superintendent to adopt a motion authorizing solicitation of public comment on the proposed amendments.

**Background Information/History**

**Tort Fund Expenditure Revisions**

In 2008, there was a significant revision to the Part 100 (Requirements for Accounting, Budgeting, Financial Reporting, and Auditing) rules. These revisions resulted in the establishment of the Tort Immunity and Judgement Fund to conform with the Local Governmental and Governmental Employees Tort Immunity Act [745 ILCS 10] (Act). Section 9-107 of the Act stipulates that the Tort Tax Levy can be used for the following purposes:

- Tort liability
- Insurance
- Risk management programs

Before this revision, districts reported their tort expenditures paid with Tort Tax Levy proceeds in the Educational Fund, Operations and Maintenance Fund, Bond and Interest, and Transportation Fund. Additionally, they were required to complete a supplemental schedule within the Annual Financial Report (AFR) to comport with the Act. Expenditures may have been coded to the following accounting functions:

- 1000 Instruction (e.g., teachers, aides, in-classroom instruction)
- 2100 Support Services to Pupils (e.g., social workers, guidance services, psychological services)
- 2200 Support Services to Instructional Staff (e.g., improvement of instruction)
- 2540 Operation and Maintenance of Plant Services (e.g., custodial staff)
- Other functions, as needed

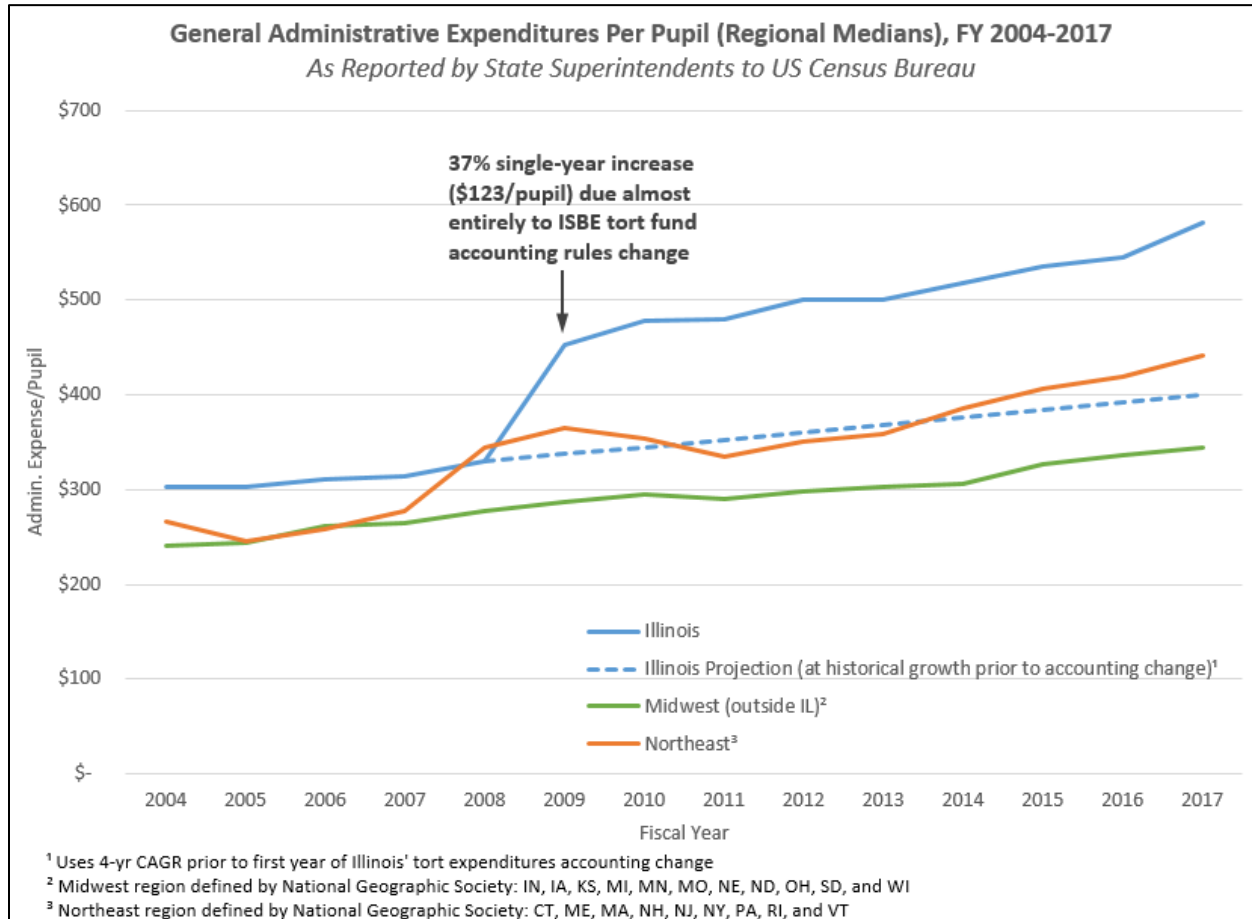

The 2008 revision established tort expenditures (functions) in the 2300 Support Services-General Administration functions to comport with the Act. The specific functions identified within the Tort Immunity and Judgement Fund are:

- 2361 Claims Paid from Self-Insurance Fund
- 2362 Workers' Compensation or Workers' Occupation Disease Act Payments
- 2363 Unemployment Insurance Act Payments
- 2364 Insurance Payments (regular or self-Insurance)
- 2365 Risk Management and Claims Services Payments
- 2366 Judgment or Settlements
- 2367 Educational, Inspectional, Supervisory Services Related to Loss Prevention or Reduction

- 2368 Reciprocal Insurance Payments
- 2369 Legal Services
- 2371 Property Insurance (Buildings and Grounds)
- 2372 Vehicle Insurance (Transportation)

Fiscal year 2009 was the first year in which districts' financial data was impacted by this revision.

Inadvertently, classifying the tort expenditures within the 2300 functions resulted in districts' general administration cost per pupil increasing and being overstated approximately \$200 per pupil when compared to other states' general administration cost per pupil. This is per data ISBE submits to the National Center for Education Statistics and the U.S. Census Bureau. Below is a graph depicting the results of the rule revisions for the general administration cost per pupil in FY 2009 through 2017. The dotted line is an estimate of what the general administration cost per pupil in Illinois would have been if the rules had not been revised.

The proposed rule revisions before the Board maintain the Tort Immunity and Judgement Fund but open all expenditure functions for districts to report their tort expenditures within the fund. This revision means all tort expenditures will not be classified as general administration. However, districts will again be required to complete a supplemental schedule in the AFR to comport with the Act.

### GASB Statement 84 Rule Amendments

Several accounting firms approached ISBE in the spring regarding the Governmental Accounting Standards Board (GASB) Statement 84. GASB Statement 84 changes the standard for Local Education Agencies' accounting requirements for student activity funds when school districts have control over the distribution of funds. These accounting firms are responsible for auditing most Illinois districts.

Currently, student activity funds are accounted for separately from district funds. This is due to the restricted use of these funds. These funds can be used only for the specific student activity and not district operating purposes. GASB Statement 84 requires that student activity funds be reported within the district's Educational Fund cash balance, fund balance, revenues, and expenditures.

ISBE staff is recommending that new account numbers be added to the accounting rules for implementation of GASB Statement 84 reporting requirements. The proposed revisions will also maintain the integrity and consistency of districts' AFRs, budgets, Financial Profile, and other reporting requirements. The overall results of these reports will not be distorted by including these restricted purpose funds within the reporting calculations. ISBE developed these revisions in consultation with the accounting firms that approached ISBE in the spring.

### **Financial Background**

N/A

### **Analysis and Implications for Policy, Budget, Legislative Action, and Communications**

**Policy Implications:** See "**Background Information/History**" on first page of this document.

**Budget Implications:** Implementation will cost school districts time and resources to revise their accounting software. ISBE will be required to revise AFR and budget forms and provide technical assistance to school districts.

**Legislative Action:** None.

**Communication:** Rule changes will be communicated with stakeholders and published in the *Illinois Register* and on the ISBE website.

### **Pros and Cons of Various Actions**

**Pros:** Illinois' administrative cost per student will be more comparable with other states. Districts will comply with GASB Statement 84 and will not be required to obtain qualified opinions for their audits.

**Cons:** Districts will be required to revise their accounting software and recording of expenditures. Districts will be required to complete the supplemental Schedule of Tort Immunity Expenditures in the AFR.

### **Recommendations:**

I recommend that the following motion be adopted:

The State Board of Education hereby authorizes solicitation of public comment on the proposed rulemaking for:

Part 100 (Requirements for Accounting, Budgeting, Financial Reporting, and Auditing), including publication of the proposed rules in the *Illinois Register* to elicit public comment.

### **Next Steps**

Upon Board authorization, agency staff will submit the proposed amendments to the Administrative Code Division for publication in the *Illinois Register* to elicit public comment. Additional means, such as ISBE's *Weekly Message* and the agency's website, will be used to inform interested parties of the opportunity to comment on this rulemaking.

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 16, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education   
Irma Snopek, Policy and Communications Officer   
Robert Wolfe, Financial Officer 

**Agenda Topic:** Part 252 (Driver Education)

**Expected Outcome:** Approval to file Part 252 (Driver Education) proposed rules in the *Illinois Register* to elicit public comment

**Materials:** Appendix A: Part 252 (Driver Education) Proposed Rules

**Staff Contact(s):** Tim Imler, Director, Funding and Disbursements  
Amanda Elliott, Executive Director, Legislative Affairs  
Azita Kakvand, Agency Rules Coordinator, Legislative Affairs

**Purpose of Agenda Item**

The Funding and Disbursements Department requests the Board to authorize the State Superintendent to adopt a motion authorizing solicitation of public comment on the proposed amendments.

**Background Information/History**

This Part is being modified to align with the enactment of Public Act 101-0183 and PA 101-0450 effective August 2, 2019, and August 23, 2019, respectively. PA 101-0183 adds language to the Driver Education Act of the School Code to allow for a distance learning program that permits driver education course instruction via the internet, email, or any other method outside of the traditional classroom. A school district's decision to allow a student to take a portion of the driver education course through a distance learning program must be determined on a case-by-case basis and must be approved by the school's administration, including the student's driver education teacher, and the student's parent or guardian. Under no circumstances may the student take the entire driver education course through a distance learning program.

PA 101-0450 adds language to the Driver Education Act of the School Code to require a school district that elects to contract with a commercial driving school to ensure that the teacher meets ISBE's educator licensure and endorsement requirements under Article 21B of the Code and requires the district to follow the same evaluation and observation requirements that apply to non-tenured teachers under Article 24A of the Code for those teachers. The teacher evaluation must be conducted by a school administrator employed by the school district and must be submitted annually to the district superintendent and all school board members for oversight purposes. These requirements do not apply to a contract with a Certified Driver Rehabilitation Specialist.

Ten school districts currently utilize a third-party contractor for drivers' education. It is unknown how many districts utilize distance learning for drivers' education.

**Analysis and Implications for Policy, Budget, Legislative Action, and Communications**

**Policy Implications:** None.

**Budget Implications:** No fiscal impact for the State Board of Education. Financial impact to school districts is unknown.

**Legislative Action:** Bill sponsors will be notified of pending rulemaking.

**Communications:** Rule changes will be communicated with stakeholders and published in the *Illinois Register* and on the ISBE website.

**Pros and Cons of Various Actions**

**Pros:** The proposed changes incorporate agency policy and practices, as required under the Illinois Administrative Procedure Act (IAPA).

**Cons:** Not proceeding with the rulemaking will cause the agency's rules to conflict with certain provisions of the IAPA, which requires that the policies of state agencies be set forth in administrative rules. Additionally, not proceeding with the rulemaking will cause the agency's rules to conflict with the School Code in light of changes made in PA 101-0183 and PA 101-0450.

**Board Member(s) Who Will Abstain:** None.

**Superintendent's Recommendation**

I recommend that the following motion be adopted:

The State Board of Education hereby authorizes solicitation of public comment on the proposed rulemaking for:

Part 252 (Driver Education)

Including publication of the proposed rules in the *Illinois Register* to elicit public comment.

**Next Steps**

Upon Board authorization, agency staff will submit the proposed amendments to the Administrative Code Division for publication in the *Illinois Register* to elicit public comment. Additional means, such as the *Superintendent's Weekly Message* and the agency's website, will be used to inform interested parties of the opportunity to comment on this rulemaking. Agency staff will inform bill sponsors of pending rulemaking.

**Section 252.10 Definitions**

"Behind-The-Wheel Instruction" is that part of the driver education course that consists of individual practice driving with a driver education instructor who meets the requirements of Section 252.40 and provides learning experiences for the student as an operator of a dual-control car in traffic on public highways.

"Classroom Instruction" is that part of the driver education course consisting of

learning experiences centered in the classroom. The preferred instruction method is face-to-face interaction in a traditional classroom setting; however, a school district may provide for a distance learning program ~~instruction may be provided electronically via other means and shall~~ in accordance with Section 252.20(c)(2).

"Declaration of Intent" is a student's application for enrollment in a driver education course.

"Distance Learning Program" means a program of study in which all participating teachers and students do not physically meet in the classroom and instead use the Internet, email, or any other method other than the classroom to provide instruction.

"Driver Education Act" means 105 ILCS 5/27-24 through 27-24.10.

"Driver Education Course", as used in this Part, is any driver education course approved by the State Superintendent as meeting at least the minimum requirements of the Driver Education Act and this Part and consists of all those learning experiences provided by a school or school district for the purpose of helping students learn to use motor vehicles safely and efficiently. Driver education courses must include classroom and behind-the-wheel instruction as a unified course (see Section 252.20(c)(1)).

"Dual-Control Car" is a motor vehicle that has special safety and instructional equipment in addition to the regular legally prescribed equipment, which shall consist of a second foot brake positioned for use by the instructor, an outside rearview mirror on the right side of the vehicle, and a sign identifying the vehicle as a driver education car (see 625 ILCS 5/6-410).

"Eligible Student" is a student who meets the conditions of Section 27-24.2 of the School Code for enrollment in a driver education course.

"Enrollment", for purposes of an approved driver education course, means the period of time beginning 30 days prior to the time a student begins classroom instruction through the conclusion of the driver education course.

"Observation Time" refers to that time during which a student is riding in the back seat of a dual-control car observing instructions of the teacher and procedures and techniques of the driver who is participating in behind-the-wheel instruction.

"School Code" means 105 ILCS 5.

## Section 252.20 Administration and Procedures

- a) Availability of the Course – Any public school district maintaining grades 9 through 12 must provide the driver education course for any legal resident of the district between the ages of 15 and 21 years who requests the course, provided the resident is eligible as set forth in Section 27-24.2 of the School Code. All eligible students who reside in a school district must be provided an equal opportunity to enroll in driver education, and school districts are obligated to make the driver education course available within a reasonable length of time after each individual's declaration of intent is made. A "reasonable length of time" shall be determined based on the student's individual needs and the school district's ability to meet those needs, provided that the course must be offered within 12 months after the declaration of intent.
  - 1) Public school districts that include high schools must provide the driver education course for all eligible students of the district who attend a nonpublic school that does not offer the course.
  - 2) Nonpublic schools may offer a driver education course at their own expense.
  - 3) Public school districts that include high schools must provide the driver education course for all eligible Illinois students, regardless of the district of their residence, who attend a nonpublic school located within that school district's boundaries when application is made by the administrators of the nonpublic school. The application shall constitute a declaration of intent by the affected student or students. *By April 1 the nonpublic school shall notify the district offering the course of the names and district numbers of the nonresident students desiring to take such course the next school year. The district offering the course shall notify the district of residence of those students affected by April 15.* [105 ILCS 5/27-24.4]
  - 4) An eligible student may elect to enroll in a driver education course at a commercial driver training school at his or her expense.
- b) When to Offer the Course – The classroom portion of the course shall be during the school day and may be offered at other times (i.e., before or after school, in the evenings or on weekends). The school district shall determine when to offer the behind-the-wheel portion of the course during the regular school year, which may be during the school day, at times other than during the school day, or through a combination of both options; however, this subsection (b) shall not

authorize a school district to offer behind-the-wheel instruction only during the summer. (Also see subsection (c)(2).)

- 1) Enrollment in a driver education course must be closed at the inception of the course, except as provided in subsection (b)(2). Another course may be started when enrollment warrants.
  - 2) A student who transfers to a new school after the inception of the driver education course at that school may be allowed to enroll in the course under the following conditions.
    - A) The driver education course in which the student was enrolled at the previous school offered 30 clock hours of classroom instruction and 6 clock hours of behind-the-wheel instruction.
    - B) The length of time the student previously participated in the driver education course (prior to his or her transfer) is sufficient to allow the student to complete the course at the new school within the time during which it is offered.
    - C) The new school has received verification, either by mail or in an electronic format, of the student's previous participation in the driver education course (i.e., length of time in the course, grades received). The verification shall be placed in the student's temporary school record as defined in 23 Ill. Adm. Code 375.10 (Definitions).
  - 3) *A high school student may be allowed to commence the classroom instruction part of the driver education course prior to reaching age 15 if the student will be eligible to complete the entire course within 12 months after being allowed to commence classroom instruction. (See Section 27-24.2 of the School Code.)*
- c) Course Organization – Driver education courses must be organized according to the standards established in the Driver Education Act and this Part.
- 1) The classroom and the behind-the-wheel instruction shall be aligned to the course content standards set forth at 92 Ill. Adm. Code 1060.181 (Teen Accreditation Classroom and Behind-the-Wheel Requirements).
  - 2) The classroom and the behind-the-wheel instruction each must be scheduled regularly throughout a period of not less than six complete weeks (four weeks allowable in summer courses and for schools using

block scheduling). A school district may provide a portion of classroom instruction through a distance learning program. A school district's decision to allow a student to take a portion of the driver education course through a distance learning program must be determined on a case-by-case basis and must be approved by the school's administration, including the student's driver education teacher, and the student's parent or guardian. Under no circumstances may the student take the entire driver education course through a distance learning program.

~~Per the qualifying provisions set forth in Section 14-13.01 of the School Code, students who are eligible for home or hospital instruction shall be provided classroom instruction as defined in Section 252.10. Students who are not eligible for home or hospital instruction or not identified as being chronically or habitually truant per the provisions of Section 26-2a of the School Code shall be afforded classroom instruction on a case-by-case basis in accordance with the student's unique circumstances and school district policy. Under no circumstances shall the entire course be provided electronically.~~

- 3) Behind-the-wheel instruction shall not begin until the student has started classroom instruction; however, a student may be enrolled in both portions of the course on a concurrent basis.
  - 4) At least one but not more than three student observers must be in the car during behind-the-wheel instruction. At least one hour of observation time is required for each hour of behind-the-wheel instruction. This subsection (c)(4) does not apply when a student's Individualized Education Program stipulates that the student receive behind-the-wheel instruction separately.
- d) Dual-Control Cars – The instructor shall occupy the front passenger seat. The driver education car is to be used for instructional purposes. A school district may not use the driver education car for purposes other than those designated by agreement or contract.
  - e) Contracting – In fulfilling the requirements of the Driver Education Act, a public school district must either offer the course in its own school or must provide the course for its students, and any other legal residents of the school district who request the course, through a joint agreement with another public school district or through the provisions of cooperative school district programs. *A school district may contract with a commercial driver training school approved by the Secretary of State to provide both the classroom instruction part and the behind-the-wheel part or either one separately. (See Section 27-24.4 of the School Code.)* If a school district elects to contract with an SOS approved commercial

driver training school, the school district shall submit the Driver Education – Commercial Driver Training School Contract Reporting form to the State Board. (See Appendix A.) Each instructor employed by the commercial driver training school serving public school students under the age of 18 must meet the personnel requirements of Section 252.40.

- 1) A public school district may contract for the provision of the behind-the-wheel portion of the course for students who have physical limitations that would require the use of a specially equipped car or for students who require other specialized instruction (e.g., vision or hearing impairments, cognitive disabilities) provided that:
  - A) the facility is approved by the Illinois Secretary of State (SOS) as meeting all of the requirements of Chapter 6, Article IV of the Illinois Vehicle Code [625 ILCS 5/Ch. 6 Art. IV] and of rules promulgated by SOS (see 92 Ill. Adm. Code 1030 (Issuance of Licenses));
  - B) each instructor providing instruction to the public school district's students is certified as a Driver Rehabilitation Specialist by the ADED – the Association for Driver Rehabilitation Specialists (see <http://www.aded.net/>, 200 First Avenue NW, Suite 505, Hickory NC 28601); and
  - C) the facility conducts an evaluation of the student's physical and cognitive abilities to determine the individualized course of instruction.
- 2) Subject to the limitations set forth in Section 24-24.2 of the School Code, a district that provides driver education through a contract with a commercial driver training school shall:
  - A) post the contract with the commercial driver training school on its website or, if it does not maintain a website, make the contract available upon request;
  - B) notify the State Board of Education within 15 calendar days of an instructor leaving the program or a new instructor being assigned. The notice shall include the instructor's name, birth date and driver's license number, and the personal identification number assigned by the State Board; ~~and~~

- C) maintain a record of all materials related to the commercial driving school contract, which shall be made available to parents and guardians upon request. (See Section 27-24.2 of the School Code.); and
- D) except for a Certified Driver Rehabilitation Specialist, ensure the teacher meets the educator licensure and endorsement requirements under Article 21B of the School Code and must follow the same evaluation and observation requirements that apply to non-tenured teachers under Article 24A of the School Code. The teacher evaluation must be conducted by a school administrator employed by the school district and must be submitted annually to the district superintendent and all school board members for oversight purposes.

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 16, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education *CA*  
Dr. Ernesto Matias, Chief Education Officer *Em*  
Irma Snopek, Policy and Communications Officer *gmo*

**Agenda Topic:** Part 1 (Public Schools Evaluation, Recognition and Supervision)

**Expected Outcome:** Approval to submit Part 1 rules to JCAR for second notice

**Materials:** Appendix A: Public Comment Summary and Analysis of Public Comment  
Appendix B: Part 1 Proposed Rules with Adjusted Changes Per Public Comment

**Staff Contact(s):** Jeffrey Aranowski, Executive Director, Safe and Healthy Climate  
Cara Wiley, Director, Wellness Department  
Amanda Elliott, Executive Director, Legislative Affairs  
Azita Kakvand, Rules Coordinator, Legislative Affairs

**Purpose of Agenda Item**

The Wellness Department requests the Board to authorize the State Superintendent to submit amendments to Part 1 and submit proposed rulemaking to JCAR for second notice.

**Background Information**

Public Act 100-0726 permits schools to establish a medication policy that provides for the stocking and use of medications for asthma that are not designated for a specific person (undesignated medication). The law requires ISBE to provide for a "form and manner" for the districts and schools to report the use of asthma medication from the stock supply. The law also refers to rules regarding the training of non-nurse "trained personnel" to recognize signs and symptoms of acute respiratory distress. ISBE staff proposes to absorb the rules regarding undesignated asthma medication into the similar existing rules for use of undesignated epinephrine and opioid antagonist and rename the rule to add asthma in the name.

- **Current Status:** The Board authorized the Part 1 proposed rules to be posted for public comment on May 15, 2019. The proposed rules were published in the *Illinois Register* on July 5, 2019, and the public comment period ended on August 19, 2019. The agency received four public comments.
- **Relevant Data:** N/A
- **Pros and Cons:** Approving the Part 1 amendments will align the Illinois Administrative Code with statutory changes that occurred in 2018 and took effect on January 1, 2019. Not approving the amendments will cause the agency to be out of compliance with these statutory changes.

**Financial Background**

N/A

**Analysis and Implications for Policy, Budget, Legislative Action, and Communications**

**Policy Implications:** See "**Background Information**" on previous page.

**Budget Implications:** None.

**Legislative Action:** Bill sponsors will be notified of pending rulemaking.

**Communications:** Rule changes will be communicated with stakeholders and published in the *Illinois Register* and on the ISBE website.

**Pros and Cons of Various Actions**

**Pros:** The proposed changes incorporate agency policy and practices, as is required under the Illinois Administrative Procedure Act (IAPA).

**Cons:** Not proceeding with the rulemaking will cause the agency's rules to be in conflict with certain provisions of the IAPA, which requires that the policies of state agencies be set forth in administrative rules.

**Board Member(s) Who Will Abstain:** Unknown.

**Superintendent's Recommendation:**

I recommend that the following motion be adopted

The State Board of Education hereby authorizes the State Superintendent to submit the proposed rulemaking for Part 1: Public Schools Evaluation, Recognition and Supervision to JCAR for second notice.

Further, the Board authorizes the State Superintendent of Education to make such technical and non-substantive changes as the State Superintendent may deem necessary in response to suggestions or objections of the Joint Committee on Administrative Rules.

**Next Steps**

Upon Board authorization, agency staff will submit the proposed amendments to the Administrative Code Division for publication in the *Illinois Register* to elicit public comment. Additional means, such as the *Superintendent's Weekly Message* and the agency's website, will be used to inform interested parties of the opportunity to comment on this rulemaking.

**Date of Board Action:** \_\_\_\_\_

**Appendix A: Summary and Analysis of Public Comment**  
**23 III. Adm. Code 1: Public Schools Evaluation, Recognition, and Supervision**

The agency received four letters of public comment. A summary and analysis of the comments are below.

**Comment:**

The Illinois Council of School Attorneys (ICSA), submitted by Heather Brickman, Kimberly Small, and Maryam Brotine, expressed concern with the use of the phrase “medication for respiratory distress”. The ICSA suggested that the agency define “asthma medication” in Section 1.540(a) so that the rules thereafter can simply refer to “asthma medication” instead of using the longer phrase “medication for respiratory distress.” This change would align with PA 100-0726, which specifically defines asthma medication.

**Analysis:**

ISBE appreciates the comment and agrees that including the definition of “asthma medication” and revising the proposed rules to include that phrase more accurately aligns with statute.

**Recommendation:**

ISBE will include the definition of “asthma medication” in Section 1.540(a) and will replace the phrase “medication for respiratory distress” with “asthma medication” throughout the Section.

**Comment:**

One commenter, Carolyn Pointer Moomaw, suggested reversing the phrase “respiratory distress (asthma)” to “asthma (respiratory distress).”

**Analysis:**

ISBE appreciates the comment. The previously accepted recommendation will eliminate this phrase.

**Recommendation:**

No changes will be made as a result of this comment.

**Comment:**

One commenter, Jessica Gerdes, suggested adding additional language to Section 1.540(e)(3)(E) to clarify who may administer epinephrine by a device other than an auto injector.

**Analysis:**

ISBE appreciates the comment. ISBE agrees that the additional language would provide clarity.

**Recommendation:**

ISBE will revise the sentence in Section 1.540(e)(3)(E) to state: “. . . the restrictions, if any, on the school personnel who may administer epinephrine. Use of pre-filled or user-filled syringes containing epinephrine are limited to a nurse holding a RN or LPN license, or the person experiencing the reaction.”

**Comment:**

The Legal Council for Health Justice, submitted by Amy Zimmerman, recommended various, minor changes throughout Section 1.540 so that it better aligns with the corresponding statute.

**Analysis:**

ISBE appreciates the comment and agrees that the changes will ensure the language in Section 1.540 better reflects the corresponding statute.

**Recommendation:**

1.540(a), (b), (c), (e), and (f) will be updated to align with statutory language.

## SUBPART E: SUPPORT SERVICES

### **Section 1.540 Undesignated Emergency Medications in Schools; Epinephrine; Auto-injectors; Opioid Antagonists; Asthma Medication**

This Section establishes requirements in addition to those set forth at Section 22-30 of the School Code [105 ILCS 5] for a school nurse or other trained school personnel *to administer an*

*undesignated epinephrine auto-injector, ~~an~~ ~~or any~~ opioid antagonist, or asthma medication to any person whom the school nurse or trained personnel in good faith believes to be having an anaphylactic reaction, ~~or any~~ opioid overdose, or acute asthma episode, respectively, while in school, while at a school-sponsored activity, while under the supervision of school personnel, or before or after normal school activities, such as while in before-school or after-school care on school-operated property.*

a) Definitions

For the purposes of this Section:

- 1) “Asthma medication” means quick-relief asthma medication, including albuterol or other short-acting bronchodilators, that is approved by the United States Food and Drug Administration for the treatment of respiratory distress. "Asthma medication" includes medication delivered through a device, including a metered dose inhaler with a reusable or disposable spacer or a nebulizer with a mouthpiece or mask.
- 1) "School" shall be understood to mean a school district, public school, charter school, or nonpublic school, as may be applicable.
- 2) "School nurse" shall have the meaning prescribed in Section 22-30(a) of the School Code.

b) Parental Notification

In addition to the provisions of Section 22-30(c) and (c-5) of the School Code, a school that has a standing protocol, as defined in Section 22-30 of the School Code, to administer undesignated epinephrine, ~~an~~ ~~auto-injectors and/or~~ opioid antagonist, or asthma medication ~~antagonists~~ shall notify the parents or guardians of each student that the school has instituted the standing protocol and that a student may be administered any one or more of those drugs epinephrine and/or any opioid antagonist under the circumstances described in Section 22-30(e-5), ~~or (e-10), or (e-15)~~ of the School Code.

- 1) The school shall provide the notification of the standing protocol to the parents or guardian at the start of each school year or, for students enrolling for the first time, at the time of enrollment. The parent or guardian shall acknowledge the notification by signing it and returning it to the school.

- 2) A school also shall accept a written request from a parent or guardian stating that his or her student shall not be administered any or all of these drugs epinephrine and/or any opioid antagonist under any circumstances. The school shall provide the name of any student whose parent or guardian submits notification under this subsection (b)(2) to the school nurse and to any trained personnel, as defined under Section 22-30(a) of the School Code.

c) Standing Protocol

- 1) A standing protocol for administering undesignated epinephrine, an auto-injectors or any opioid antagonist, and/or asthma medication, as applicable, shall be provided to the school nurse and trained personnel, as well as kept with or near the undesignated epinephrine, auto-injectors or any opioid antagonist, or asthma medication, as applicable.
- 2) The standing protocol shall state the hours of the day, days of the week, and the school-sponsored activities during which the undesignated epinephrine, auto-injectors or any opioid antagonist, or asthma medication, as applicable, will be available. A school is not required to have a school nurse or trained personnel available at all times nor at all school-sponsored activities to administer the undesignated epinephrine, auto-injectors or any opioid antagonist, or asthma medication, as applicable.
- 3) The standing protocol shall provide that the undesignated epinephrine, auto-injectors or any opioid antagonist, or asthma medication, as applicable, be stored in and available daily at one or more designated, secure locations. For the purposes of this Section, "secure location" means an unlocked location that is inaccessible to students and/or is visually monitored by an adult during the normal school day under routine circumstances.
- 4) The standing protocol shall include a written order for the undesignated epinephrine, auto-injectors, or any opioid antagonist, or asthma medication that meets the requirements of Section 22-30(f) 22-30(b) of the School Code. The written order required under this subsection (c)(4) is valid for the school year in which it was provided and must be renewed each school year. (See Section 22-30(f) 22-30(d) of the School Code.)

- d) Notification of Administration of an Undesignated Epinephrine, Auto-Injector or Opioid Antagonist, or Asthma Medication  
Any school whose school nurse or trained personnel administered ~~an~~ undesignated epinephrine, ~~auto-injector or any~~ opioid antagonist, or asthma medication, as applicable, shall meet the notification requirements of Section 22-30(f-5) and (f-10) of the School Code.
- e) Personnel Training  
Only trained personnel or a school nurse shall administer ~~an~~ undesignated epinephrine, undesignated auto-injector or any opioid antagonist, or asthma medication, as applicable.
- 1) Certification courses required under Section 22-30(g) of the School Code in cardiopulmonary resuscitation (CPR) and the use of an automated external defibrillator (AED) shall be conducted by a trainer who is certified in CPR/AED by the American Heart Association, American Red Cross or similar certifying body. Trained personnel shall renew any certification issued in accordance with the requirements of the certifying body and present the certification to his or her school.
  - 2) A school administrator or a school nurse shall be available to answer questions from training participants if the training for administering undesignated epinephrine, undesignated anaphylaxis or opioid antagonist, or undesignated medication is presented via a webinar or online format or through a video supplied by an epinephrine, ~~or~~ opioid antagonist, or asthma medication manufacturer. Training provided in one of the formats listed in this subsection (e)(2) shall not be considered complete unless an opportunity for questions is provided.
  - 3) In addition to the curricular content listed in Section 22-30(h) of the School Code, anaphylaxis training also shall include information about:
    - A) where the undesignated epinephrine medications ~~auto-injectors~~ are stored and how to access them;
    - B) the method by which the school nurse or trained personnel will be notified of an incident that could require the administration of ~~an~~ undesignated epinephrine ~~auto-injector~~;

- C) the school's written plan to prevent exposure to allergens; ~~and~~
  - D) the process for administering the specific undesignated epinephrine device ~~auto-injector devices~~ identified in the standing order; and -
  - E) the restrictions, if any, on the school personnel who may administer epinephrine. Use of pre-filled or user-filled syringes containing epinephrine are limited to a nurse holding a RN or LPN license, or the person experiencing the reaction.
- 4) In addition to the curricular content listed in Section 22-30(h-5) of the School Code, opioid antagonist training also shall meet the requirements of Section 5-23 of the Alcoholism and Other Drug Abuse and Dependency Act [20 ILCS 301] and training requirements set forth at 77 Ill. Adm. Code 2060 (Alcoholism and Substance Abuse Treatment and Intervention Licenses) and include information about:
- A) where the opioid antagonist is stored and how to access the drug;
  - B) the method by which the school nurse or trained personnel will be notified of an incident that could require the administration of any opioid antagonist; and
  - C) the process for administering the specific opioid antagonist identified in the standing order.
- 5) In addition to the curricular content listed in Section 22-30(h-10) of the School Code, asthma medication training also shall include the following information:
- A) where the undesignated medications to treat respiratory distress are stored and how to access them;
  - B) the method by which the school nurse or trained personnel will be notified of an incident that could require the administration of medication for acute respiratory distress;
  - C) the school's written Asthma Episode Emergency Response Protocol;

D) assurance that the personnel agreeing to perform in the role of "trained personnel" has completed training on asthma; and

E) the process for administering the specific undesignated asthma medication and delivery device identified in the standing order.

6) A school nurse or physician with knowledge of allergies and anaphylaxis and CPR and AED certification who possesses skill in administering or demonstrating the use of ~~an~~ epinephrine injector devices ~~auto-injectors~~ shall certify by written signature that the personnel being trained passed the test required under Section 22-30(h)(7) of the School Code.

7) ~~6)~~ An individual familiar with the use of an opioid antagonist who has CPR and AED certification (e.g., health care provider, police officer, paramedic) shall certify by written signature that the personnel being trained passed the test required under Section 22-30(h-5)(8) of the School Code.

8) ~~7)~~ A school administrator, school nurse, or physician with knowledge of asthma and symptoms of respiratory distress and holds CPR and AED certification who possesses skill in administering or demonstrating the use of asthma medications for acute respiratory distress and delivery device shall certify by written signature that the personnel being trained passed the test required under Section 22-30(h)(10) of the School Code.

9) Each statement of certification issued under subsection (e)(5) or (e)(6) of this Section shall be maintained by the school in accordance with Section 22-30(g) of the School Code.

10) ~~8)~~ The names of trained personnel shall be provided to the school nurse and school administrator, indicating whether the person received training specific to anaphylaxis, opioid antagonist, ~~antagonists~~ and/or asthma medication ~~or both~~.

f) Reporting

Each school shall submit a report regarding the administration of ~~an~~ undesignated epinephrine, undesignated auto-injector ~~or~~ opioid antagonist, or undesignated asthma medication electronically in a format prescribed by the State Superintendent of Education within the timeline specified in Section 22-30(i), ~~or~~ (i-5), or (i-10), respectively, of the School Code.

- g) Allergen Reduction Plan  
Each school shall develop a written plan to reduce the risk of accidental exposure to allergens that addresses, at a minimum, lunchroom safeguards, classroom food policies, and identification of areas of the playground that are known concerns, such as those with insect colonies. A separate plan is not required if the school has addressed reducing the risk of accidental exposure to allergens in the plan adopted pursuant to Section 2-3.149(b) of the School Code.
- h) In accordance with Section 22-30(h) of the School Code, the State Superintendent of Education shall post on the agency's website by January 1, 2019 ~~2016~~ a list of resource materials about how *to recognize and respond to anaphylaxis, opioid overdose, or respiratory distress*.

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 16, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education   
Dr. Ernesto Matias, Education Officer 

**Agenda Topic:** Mobile Museum of Tolerance

**Expected Outcome:** Discussion of Simon Wiesenthal Center's Midwest Region grant to establish a Mobile Museum of Tolerance

**Materials:** None

**Staff Contact(s):** Dr. Jason Helfer, Deputy Officer for Instructional Education  
Dr. Jennifer Kirmes, Executive Director, Teaching & Learning

**Purpose of Agenda Item**

The Center for Teaching and Learning requests that the Board authorize the State Superintendent to award a grant for fiscal year 2020 in the amount of \$1 million to the Simon Wiesenthal Center's Midwest Region Office for the purpose of establishing a Mobile Museum of Tolerance.

**Background Information/History**

Public Act 101-007 appropriated \$1 million to the Illinois State Board of Education to be used for a mobile education center grant. These funds will be used to purchase a bus and to outfit the bus with resources to promote tolerance education.<sup>1</sup>

Generally, the mission of the Simon Wiesenthal Center's Mobile Museum of Tolerance is to provide educational programs that equip youth with critical thinking skills and an enhanced understanding of themselves. Students and other visitors will engage in dialogue on issues such as prejudice, discrimination, bullying, and school violence in a safe and neutral environment. More specifically, the program's mission is "...to inspire people of all ages and backgrounds empowering them to raise their voices and take action against hate, intolerance, and bullying and to promote justice and human rights." Short term program impact will be measured via on site student and teacher feedback forms and follow up telephone interviews, which will gather data associated with changes in student attitudes, knowledge, and behaviors related to diversity and tolerance (e.g., lessened stereotypes and biases towards others, lower rates of bullying and name-calling). Delayed surveys to educators and administrators will also be administered to evaluate longer term changes in school climate and classroom culture.

The interactive design of the Mobile Museum of Tolerance and its activities and resources will align to Illinois social science standards as well as social emotional learning and other relevant Illinois Learning Standards. The Mobile Museum of Tolerance will serve middle and high school students, faith groups, law enforcement personnel, and community leaders. The goal is to serve up to 200 people per day, six days a week, over approximately 36 weeks per year, for a total of 43,200 people in the first year. The Mobile Museum of Tolerance will be staffed by Educational Outreach Coordinators from diverse backgrounds and will service all regions of the state.

**CURRENT STATUS:**

Public Act 101-007 appropriated \$1 million to the Illinois State Board of Education to be used for a mobile education center grant. The Illinois State Board of Education's Division of Curriculum and Instruction received notice of appropriation in June 2019. Upon Board approval, staff will work with the Simon Wiesenthal Center to submit an implementation plan as well as support the organization in completing grant requirements.

**RELEVANT DATA:**

<sup>1</sup> PA 101-007 Section 70 reads, "The amount of \$1,000,000, or so much thereof as may be necessary, is appropriated from the General Revenue Fund to the Illinois State Board of Education for the purpose of providing a grant to the Simon Wiesenthal Center's Midwest Region Office in Chicago to establish a mobile tolerance education center."

- The Simon Wiesenthal Center established its first large-scale education effort in 1993 with the creation of the Museum of Tolerance in Los Angeles, CA. It is dedicated to challenging visitors to understand the Holocaust in both historic and contemporary contexts and “confront all forms of prejudice and discrimination in our world today.” Since the inception of the Simon Wiesenthal Center, the Museum of Tolerance served more than 6 million visitors with 350,000 visiting annually, including 150,000 students. More than 1.5 million youth have participated in the museum experience and its programs. Additionally, more than 200,000 adults were trained in the museum’s customized, professional development programs, which include Tools for Tolerance, Teaching Steps to Tolerance, and Task Force Against Hate, among others.
- The Simon Wiesenthal Center expanded efforts in 2013 to provide tolerance education through the creation of the Tour for Humanity (T4H). Illinois’ Mobile Museum for Tolerance will be patterned after the T4H, which is a mobile education unit that serves Canada. It is a technologically advanced classroom on wheels that provides education on historical events and focuses on how these events are relevant to both Canadian and global perspectives. The current bus for T4H consists of 30 seats that are fully accessible to all individuals. To date, T4H has serviced 300 schools and more than 100,000 students.

#### **Pros and Cons:**

This grant will allow the Simon Wiesenthal Center to provide tolerance educational programming aligned to Illinois Learning Standards to students from all over the state. Additionally, these programs are designed to support educators, law enforcement personnel, faith groups, and community members. The Simon Wiesenthal existing educational programs such as, “Tools for Tolerance” will be leveraged for developing resources to support law enforcement and other community members. All visitors to the Mobile Museum of Tolerance will engage in dialogue on issues such as prejudice, discrimination, bullying, and school violence. These dialogues, paired with the Mobile Museum of Tolerance interactive resources, are designed to move participants from dialogue to action and assist them in recognizing their own personal responsibility in making a positive difference in the world.”

#### **Financial Background**

Public Act 101-007 appropriated \$1 million to ISBE to be used for a Mobile Education Center grant. These funds will be used to purchase a bus and to equip the bus with curricular resources. The grant period will begin no sooner than Oct. 16, 2019. The financial background of this grant is illustrated in the table below:

	Current Contract State Funding	Current Contract Federal Funding		Requested Additional State Funding	Requested Additional Federal Funding	Total Contract per Fiscal Year
FY20	\$0	\$0		\$1,000,000	\$0	<b>\$1,000,000</b>
<b>Total</b>	<b>\$0</b>	<b>\$0</b>		<b>\$1,000,000</b>	<b>\$0</b>	<b>\$1,000,000</b>

#### **Business Enterprise Program**

Not applicable.

#### **Analysis and Implications for Policy, Budget, Legislative Action, and Communications**

##### **Policy Implications:**

Funding for the Mobile Museum of Tolerance will provide support to students, school districts, and community members across the state related to tolerance education, social science, and social and emotional learning. Participants will gain critical thinking skills and enhanced understanding of themselves and others.

##### **Budget Implications:**

The amount of the appropriation is \$1 million, which will be awarded no sooner than October 16, 2019.

##### **Legislative Action:**

None.

##### **Communication:**

The Simon Wiesenthal Center Midwest Region, located in Chicago, is the recipient of this award. A principal consultant in the Department of Curriculum and Instruction will work with the organization to assist with the grant requirements as well as data collection.

**Pros and Cons of Various Actions**

**Pros:** Board approval of funds for Simon Wiesenthal Center will allow for a Mobile Museum of Tolerance to support Illinois students and community members in developing their understanding of themselves and others in a safe and neutral environment.

**Cons:** Not approving the appropriation to The Simon Wiesenthal Center will place ISBE out of compliance with Public Act 101-007.

**Board Member(s) Who Will Abstain:** None.

**Recommendations:**

I recommend the following motion be adopted:

The Illinois State Board of Education hereby authorizes the State Superintendent to award Simon Wiesenthal Center's Midwest Region Office funding in the amount of \$1 million for the purpose of creating the Mobile Museum of Tolerance.. The initial term of the grant will begin no sooner than October 16, 2019, and extend through July 31, 2020.

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 16, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education   
Dr. Ernesto Matias, Education Officer 

**Agenda Topic:** Special Education Behavior Assessment and Training Project

**Expected Outcome:** Approval to release and award a Request for Sealed Proposals for the Special Education Behavior Assessment and Training Project

**Materials:** None

**Staff Contact(s):** Heather Calomese, Executive Director, Program Services  
Barbara Moore, Director, Special Education Services

**Purpose of Agenda Item**

The Special Education Services Department requests the Board to authorize the State Superintendent to release and award a Request for Sealed Proposals (RFSP) for a three-year competitive grant for the Special Education Behavior Assessment and Training Project. This project will be funded using Individuals with Disabilities Education Act (IDEA) Part B Discretionary Grant dollars and will not to exceed \$7.5 million for the three years.

**Background Information/History**

IDEA requires that a Behavior intervention Plan (BIP) be developed as part of a student's Individualized Education Program (IEP) when the child's behavior interferes with their learning or the learning of others. IDEA also requires a completion of a Functional Behavior Assessment (FBA) and BIP when an IEP team determines behavior is a manifestation of a disability or when there is a potential change in placement due to a disciplinary removal. FBAs are recommended best practice for development of any BIP.

Researchers who have studied methods and practices for completing FBAs and BIPs noted the challenge of developing plans that effectively promote behavior change (Roscoe et al., 2015) or developing BIPs for students with significant problem behaviors (Blood and Neel, 2007). Findings by Archmanbault, Janosz, Morizot, and Pagani (2009) suggest that developing successful plans requires a clear understanding of the reason or cause for the undesired behavior.

When FBAs are not developed well, or a clear function of the behavior is not identified, it is likely that the behavior interventions will be ineffective and the student will continue to engage in the undesired behavior (Archmanbault et al., 2009). Continued behavioral concerns will likely lead to the student being sent out of class, which ultimately means missing instruction and decreased academic achievement (Stephan, Connors, Arora, & Brey, 2013).

The BIP process is a team-based approach that includes goals and interventions that should result in positive behavior change. Implementing the plan with fidelity across all school settings is critical to the success of student progress. Therefore, capacity-building within the school team is imperative to increase implementation fidelity of BIPs.

The purpose of this project is:

1. To provide professional development for special education personnel who conduct FBAs and develop effective BIPs,
2. To provide appropriately licensed personnel to support districts that need assistance in conducting FBAs, and
3. To provide behavior coaches who would advise special education teachers on how to address student behavior needs in the public school setting.

The shortage of special education teachers and school psychologists in Illinois compels the need to find additional ways to support those working in the field. This project aims to provide training and resources

to support special education teachers in their work with students with disabilities who display challenging behaviors. School psychologists are often the ones tasked with completing FBAs or supporting mental health needs. This project would allow those districts with shortages an additional avenue for supporting mental health needs of students and accessing an external partner to assist with completion of FBAs and the development of BIPs. This project would allow districts to tap into the use of other specialists, such as board-certified behavior analysts and other licensed specialists who do not typically seek employment as school service personnel in the public school system.

This project allows for professional development to be embedded in the daily work of school-based practitioners as the external specialists will model for school psychologists, school social workers, and special education teachers how to effectively complete FBAs and BIPs. Additionally, behavior coaches will be available to guide special education teachers through the implementation phase of the behavior plans. This embedded model for professional development using external specialists and behavior coaches will be coupled with local, regional, and state workshops and conferences. The delivery of a comprehensive professional development plan will build the capacity of school-based practitioners and teachers to meet the challenging behavior needs of students and increase sustainability in practice once the project ends.

Expected deliverables from the project include:

1. Development and coordination of regional face-to-face workshops on conducting FBAs and writing effective BIPs.
2. Development of webcasts that address best practices and current issues related to FBAs and BIPs.
3. Disseminating information about current issues, effective practices, and regional workshops via email and social media.
4. Employment of a cadre of appropriately licensed personnel (e.g., school or licensed clinical psychologists, board-certified behavior analysts, school or licensed clinical social workers, etc.) to support districts that need assistance in conducting FBAs and developing effective BIPs.
5. Employment of a cadre of appropriately licensed personnel with specialized background in working with students with challenging behavior issues to serve as behavior coaches and advise special education teachers on how to address student social, emotional, and behavior needs in the public school setting

**CURRENT STATUS:** The Special Education Services Department does not currently possess the capacity to provide extensive and embedded professional development in schools nor the personnel available for coaching and support as defined by this project.

**RELEVANT DATA:** Students with disabilities are not meeting academic achievement targets as set forth in our Special Education State Performance Plan. Indicator 3C of the Special Education State Performance Plan and Annual Performance Report indicates that students with disabilities continue to lag behind their peers in academic proficiency. This project aims to improve the academic outcomes for students with IEPs by developing the skills of teachers to address challenging behaviors through the implementation of effective behavior intervention plans.

#### **INDICATOR 3C: STATEWIDE ASSESSMENT (PERFORMANCE)**

	STATE PERFORMANCE	STATE TARGET
<b>STATEWIDE ASSESSMENT-ELA</b>	8.94%	42%
<b>STATEWIDE ASSESSMENT-MATH</b>	7.98%	40%

The increase in both the mental health needs of students and the behaviors that prohibit effective teaching and learning to occur in classrooms are often cited as a root cause of poor performance. Such behaviors often result in students with disabilities being placed outside of the public school setting. There are approximately 300,000 students with disabilities (ages 3-21) across Illinois. About 33,000 students receive instruction in a general education classroom less than 40 percent of the day, 16,000 students are served in a separate school, and 500 students are placed in a residential facility, according to the 2019 Special Education Child Count. These three settings are considered to be more restrictive. This project aims to reduce the number of students requiring placement in these settings.

Special education is one of the highest personnel shortage areas in Illinois. Providing ongoing support, training, and coaching to assist special education teachers in public schools may decrease the number of teachers who leave the field and improve the academic outcomes for students with disabilities. Providing additional avenues for assessments of behaviors and consultation on the development of behavior intervention plans can also mitigate the shortage of school psychology professionals. This project provides direct support to special education teachers and school teams in meeting the behavior needs of students with disabilities.

### **Financial Background**

The competitive process, including the development of the RFSP, would commence immediately following Board approval. The projected grant start date is spring 2020. The grant award would be for fiscal years 2020, 2021, and 2022. Awards in subsequent years will be contingent on satisfactory production of deliverables as determined each year of the project and be subject to the appropriation of funds for continuation. The total grant award will not exceed \$7.5 million over the three years, with a projected \$2.5 million released each year of the project. One entity will be awarded the grant based on criteria as set forth in the RFSP. The project will be funded by IDEA Part B Discretionary dollars.

The financial background of this contract/grant is illustrated in the table below:

	Current Contract State Funding	Current Contract Federal Funding		Requested Additional State Funding	Requested Additional Federal Funding	Total Contract per Fiscal Year
FY20	\$0	\$0		\$0	\$2,500,000	<b>\$2,500,000</b>
FY21	\$0	\$0		\$0	\$2,500,000	<b>\$2,500,000</b>
FY22	\$0	\$0		\$0	\$2,500,000	<b>\$2,500,000</b>
FY	\$0	\$0		\$0	\$0	<b>\$0</b>
FY	\$0	\$0		\$0	\$0	<b>\$0</b>
<b>Total</b>	<b>\$0</b>	<b>\$0</b>		<b>\$0</b>	<b>7,500,000</b>	<b>\$7,500,000</b>

### **Business Enterprise Program**

This RFSP has a Business Enterprise Program goal of 20 percent.

### **Analysis and Implications for Policy, Budget, Legislative Action, and Communications**

#### **Policy Implications:**

This project supports the implementation of IDEA. IDEA Part B Discretionary funds can be used to carry out the following activities:

1. For support and direct services, including technical assistance, personnel preparation, and professional development and training;
2. To support capacity-building activities and improve the delivery of services by Local Education Agencies (LEAs) to improve results for children with disabilities;
3. To support the development and provision of appropriate accommodations for children with disabilities;
4. To provide technical assistance to school and LEAs implementing comprehensive support and improvement activities, including professional development, based on scientifically based research to improve educational instruction in order to improve academic standards; and
5. To assist LEAs in meeting personnel shortages.

#### **Budget Implications:**

The project will be funded by IDEA Part B Discretionary dollars. The project will allow districts to receive free professional development, assistance in completing FBAs, consultation on the development of BIPs, and coaching for special education teachers to improve the specially designed instruction for students with disabilities who exhibit behavior challenges.

**Legislative Action:** No action required.

#### **Communication:**

Communication related to the posting of the RFSP will be shared via the *ISBE's Weekly Message*, Special Education Directors listserv, and other postings. Additional communication to the field regarding the

services offered will be needed once professional development sessions are scheduled and the cadre of professionals are employed.

**Pros and Cons of Various Actions**

This project allows ISBE to increase its capability to provide supports to meet the behavioral needs of students in the public school setting. It also utilizes IDEA Part B Discretionary funds to support the implementation of IDEA by providing training to build district capacity to conduct FBAs while offering high-quality licensed personnel to assist districts that currently lack the capacity to complete them on their own. Given the shortage of special education teachers and school psychologists, this project will assist current personnel, especially in districts where assessment outcomes for students with disabilities indicate a need for significant improvement.

**Board Member(s) Who Will Abstain:** None.

**Recommendations:**

I recommend that the following motion be adopted:

The Illinois State Board of Education hereby authorizes the State Superintendent to release and award and RFSP for the Special Education Behavior Assessment and Training Project beginning in fiscal year 2020 for a period of three years through fiscal year 2022 for a total not to exceed \$7.5 million, subject to appropriations.

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 16, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education   
Dr. Ernesto Matias, Education Officer 

**Agenda Topic:** Specific Learning Disability Support Project

**Expected Outcome:** Approve the award and release of the Request for Sealed Proposals for the Specific Learning Disability Support Project

**Materials:** None

**Staff Contact(s):** Heather Calomese, Executive Director, Program Services  
Barbara Moore, Director, Special Education Services

**Purpose of Agenda Item**

The Special Education Services Department requests the Board to authorize the State Superintendent to release and award a Request for Sealed Proposals (RFSP) for a three-year contract for the Specific Learning Disability Support Project to be funded by Individuals with Disabilities Education Act (IDEA) Part B Discretionary Grant dollars not to exceed \$7.5 million for the three years.

**Background Information/History**

Students must meet one or more of the 13 categories of disability specified in IDEA in order to be eligible for special education services. The category for students with dyslexia is specific learning disability.

IDEA defines special education as “specially designed instruction provided at no cost to parents to meet the unique needs of a child with a disability.” More specifically, to ensure access to the general curriculum, “specially designed instruction” is further understood as adapting, as appropriate to the needs of an eligible student, the content, methodology, and delivery of instruction to address the unique needs of the child resulting from the child’s disability. High-quality instruction can prevent some reading problems and reduce the impact of more severe reading difficulties (Mather & Wendling, 2011)<sup>1</sup>. Furthermore, it is not uncommon for children with dyslexia to have difficulties with math. Illinois Public Acts 98-0705 and 100-0617 recognized the importance of high-quality instruction for students with dyslexia and required the state to provide trainings and develop a handbook on dyslexia.<sup>2</sup>

The agency fulfilled its requirements under Public Acts 98-0705 and 100-0617, but current data indicates that students with disabilities are not meeting the targets for academic achievement as set forth in the agency’s Special Education State Performance Plan.

**INDICATOR 3C: STATEWIDE ASSESSMENT (PERFORMANCE)**

	STATE PERFORMANCE	STATE TARGET
<b>STATEWIDE ASSESSMENT-ELA</b>	8.94%	42%
<b>STATEWIDE ASSESSMENT-MATH</b>	7.98%	40%

<sup>1</sup> Mather, N. & Wendling, B.J. (2011) *Essentials of dyslexia assessment and intervention*. Hoboken, NJ; Wiley.

<sup>2</sup> Public Act 98-0705 (2014) specified that the State Board of Education adopt rules that incorporated an international definition of dyslexia and required the agency to establish an advisory group to develop trainings and provide education to school personnel regarding instruction in reading. PA 100-0617 (2018) required ISBE to establish a group of stakeholders to develop, update, and maintain a handbook that is made available on its website to provide guidelines, educational strategies, and resources about dyslexia.

The Specific Learning Disability Support Project aims to reduce the achievement gap and offer training and resources to meet the educational needs of students with specific learning disabilities. It also aims to increase reading and math skills and decrease achievement gaps by expanding upon the development of previous training materials to address “specially designed instruction” for students with all types of specific learning disabilities, including, but not limited to, dyslexia.

Activities for this project will include:

1. Develop and coordinate an annual statewide conference on specially designed instruction for specific learning disabilities for educators and families;
2. Offer regional face-to-face workshops for special education teachers;
3. Offer district trainings to schools identified through the special education differentiated monitoring process as needing intensive support;
4. Develop webcasts that address best practices and current issues related to educating students with specific learning disabilities; and
5. Develop and update annually a Dyslexia Toolkit as an addendum to the agency’s Dyslexia Handbook developed per PA 100-0617.

Successful completion of this work requires an entity with research capabilities to ensure that the resources developed for meeting the needs of students with dyslexia are current, reliable, valid, and research-based.

**CURRENT STATUS:**

ISBE has developed a Dyslexia Handbook per PA 100-0617. The agency currently does not provide ongoing professional development on specially designed instruction to Local Education Agencies (LEAs)

**RELEVANT DATA:**

There are more than 100,000 students currently eligible for special education in Illinois under the category of specific learning disability. Students with disabilities are performing well below the state targets for reading and math achievement as set forth in our Special Education State Performance Plan.

**Pros and cons:**

This project allows the agency to reinstate training in the area of dyslexia, more specifically in the implementation of specially designed instruction. This project also supplements agency requirements to provide educational strategies and resources about dyslexia.

**Financial Background**

The development of the RFSP would commence immediately following Board approval. The projected grant start date is spring 2020. The contract would be for fiscal years 2020, 2021, and 2022. Contracts in subsequent years will be contingent on satisfactory production of deliverables (e.g., special educator attendance rates at professional development activities, improved student outcomes for special education students on state assessments) and subject to the appropriation of funds for continuation. The total contract will not exceed \$7.5 million over the three years, with a projected \$2.5 million released each year of the project. One entity will be awarded the contract based on criteria as set forth in the RFSP. Agency funding for the project will be IDEA Part B Discretionary dollars.

The financial background of this contract/grant is illustrated in the table below:

	Current Contract State Funding	Current Contract Federal Funding		Requested Additional State Funding	Requested Additional Federal Funding	Total Contract per Fiscal Year

<b>Total</b>	<b>\$0</b>	<b>\$0</b>		<b>\$0</b>	<b>7,500,000</b>	<b>\$7,500,000</b>

**Business Enterprise Program**

This RFSP has a Business Enterprise Program goal of 20 percent.

## **Analysis and Implications for Policy, Budget, Legislative Action, and Communications**

### **Policy Implications:**

This project supports the implementation of IDEA. IDEA Part B Discretionary dollars can be used to fund the following activities:

1. For support and direct services, including technical assistance, personnel preparation, and professional development and training;
2. To support capacity-building activities and improve the delivery of services by LEAs to improve results for children with disabilities;
3. To support the development and provision of appropriate accommodations for children with disabilities; and
4. To provide technical assistance to schools and LEAs implementing comprehensive support and improvement activities, including professional development, based on scientifically based research to improve educational instruction in order to improve academic standards.

This project also supplements the agency's implementation of PA 100-0617, which requires it to develop, review every four years to update, and maintain a handbook that is made available on its website to provide guidelines; educational strategies; and a description of resources and services for pupils, parents/guardians, and teachers on the subject of dyslexia.

### **Budget Implications**

This project will not incur costs to districts. The project will be funded by IDEA Part B Discretionary dollars. The project will allow districts to receive free professional development to improve specially designed instruction for students with specific learning disabilities, including dyslexia.

### **Legislative Action**

No action required.

### **Communication**

Communication related to the posting of the RFSP will be provided via ISBE's Weekly Message, Special Education Directors listserv, and other platforms. Additional communication to the field regarding the professional development and Dyslexia Toolkit will be needed once statewide conferences and regional trainings are scheduled and resources and materials are developed and printed.

### **Pros and Cons of Various Actions**

This project allows the agency to increase its capability to provide a Dyslexia Toolkit to supplement the Dyslexia Handbook developed by the agency to further support the agency's implementation of PA 100-0617. The project also utilizes IDEA Part B Discretionary funds to support the implementation of IDEA by providing specialized training for special education teachers on specially designed instruction as defined by IDEA. Given the shortage of special education teachers, this project will help support current teachers, especially in districts where assessment outcomes for students with disabilities indicate a need for significant improvement.

**Board Member(s) Who Will Abstain:** None.

### **Recommendations:**

I recommend that the following motion be adopted:

The State Board of Education hereby authorizes the State Superintendent to release and award a Request for Sealed Proposals for the Specific Learning Disability Support Project beginning in fiscal year 2020 for a period of three years through fiscal year 2022 for a total not to exceed \$7.5 million, subject to appropriations.

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 16, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education   
Dr. Ernesto Matias, Education Officer 

**Agenda Topic:** The Illinois Center for Transition and Work at the University of Illinois at Urbana/Champaign

**Expected Outcome:** Approve the intergovernmental agreement with the University of Illinois at Urbana-Champaign for the Illinois Center for Transition and Work

**Materials:** None required

**Staff Contact(s):** Heather Calomese, Executive Director, Special Education  
Barbara Moore, Director, Special Education

The Special Education Services Department requests the Board to authorize the State Superintendent to enter into an intergovernmental agreement (IGA) with the University of Illinois at Urbana-Champaign for the Illinois Center for Transition and Work for \$1 million in fiscal year 2020, renewable for \$1 million per year through FY 2024 for a total not to exceed \$5 million over five years.

**Background Information/History**

The Individuals with Disabilities Education Act (IDEA) specifies that students with disabilities are entitled to a free and appropriate public education. IDEA recognizes the importance of preparing youth for success after high school and requires transition planning for students who receive special education. Transition planning means evaluating needs, strengths, and skills required for a student to move from high school to postsecondary life. Students with an Individualized Education Program (IEP) must begin transition planning by age 16 (Illinois regulations require that such services begin at age 14½.)

The reauthorization of the Workforce Innovations and Opportunities Act (WIOA) in 2014 resulted in many new policies and practices in the areas of transition, supported and customized employment, and service for traditionally underserved populations and communities. These significant changes in policy and service delivery, plus a focus on interagency collaboration, mean there is a significant need to provide special educators, related service personnel, and administrators with training and support to prepare students for employment. These changes also seek to address issues related to high rates of unemployment and limited access to employment in integrated settings for individuals with the most significant disabilities.

A statewide training and technical assistance center will benefit Illinois school districts. They will be more likely to realize the goals of both IDEA and WIOA and improve post-school employment outcomes for their students. This center will focus on transition from school to work for students with significant disabilities (e.g., intellectual disability, multiple disabilities) and other underserved populations that are at increased risk for early dropout and/or graduating without employment (e.g., foster care youth, juvenile offenders). The most efficient means through which to deliver these services is through an Intergovernmental Agreement.<sup>1</sup>

<sup>1</sup> The Intergovernmental Cooperation Act (5 ILCS 220) allows a public agency to enter into an intergovernmental agreement with another public agency.

A public agency is understood to mean, "...any unit of local government as defined in the Illinois Constitution of 1970, any school district, any public community college district, any public building commission, the State of Illinois, any agency of the State government or of the United States, or of any other State, any political subdivision of another State, and any combination of the above. (5 ILCS 220/2). Moreover, "Any power or powers, privileges, functions, or authority exercised or which may be exercised by a public agency of this State may be exercised, combined, transferred, and enjoyed jointly with any other public agency of this State and jointly with any public agency of any other state or of the United States to the extent that laws of such other state or of the United States do not prohibit joint exercise or enjoyment and except where specifically and expressly prohibited by law." (5 ILCS 220/3)

More specifically, the Illinois Center for Transition and Work will engage in five core activities during the next five years. These activities include:

1. Conducting an annual needs assessment – Multiple methods (e.g., survey, focus groups, interviews) will be used to gather information from diverse stakeholder groups (e.g., special education teachers, related service personnel, building administrators, special education directors, families, students, community members, rehabilitation counselors, ISBE staff) regarding training and technical assistance needs related to transition to employment for individuals with significant disabilities. The needs assessment will be updated annually.
2. Offering a variety of training activities –Statewide training based on the results of the annual needs assessment will be accessible to a broad array of audiences (e.g., special education teachers, related service personnel, administrators, rehabilitation counselors, and families). This training will focus on topics related to transition to work, including IDEA and WIOA requirements, and will include:
  - a. Developing and coordinating an annual statewide conference;
  - b. Offering regional face-to-face workshops;
  - c. Developing monthly webcasts that address best practices and current issues;
  - d. Developing easy-to-read, one-page research briefs and allowing stakeholders to translate research into practice;
  - e. Developing case studies of high-performing school districts to highlight effective practices and strategies and to use as a foundation for model program development;
  - f. Creating a digital library that stakeholders can access on the center's website at their convenience;
  - g. Disseminating information about current issues, effective practices, the center's resources, and upcoming conferences via email and social media, and disseminating printed materials, including handouts, brochures, and booklets
3. Providing targeted technical assistance to schools – School personnel will receive technical assistance that addresses targeted needs related to transition to work and IDEA and WIOA requirements. Activities will include:
  - a. Developing an interactive database for online access to submit questions for answers and a compilation of frequently asked questions.
  - b. Providing targeted assistance to a select number of schools to increase and improve work-based learning experiences and enhanced coordination with adult service agencies to meet school-identified needs. Schools will be identified based on factors including performance on Indicators 13 and 14 of the State Performance Plan and assessment results.<sup>2</sup>
4. Enhancing statewide interagency coordination – The center will build the state's capacity for interagency coordination around issues related to transition to work for individuals with significant disabilities, including IDEA and WIOA requirements. Activities include:
  - a. Facilitating a statewide discussion to create a Transition Leadership Group collaborating with ISBE and the Illinois Department of Human Services Office of Vocational Rehabilitation Services.
- b. Creating within each region of the state a Regional Transition Board composed of interagency leaders (special education and vocational rehabilitation) who can advise the center regarding regional needs, help

<sup>2</sup> Each State Education Agency is responsible for ensuring the general supervision of all educational programs for students with disabilities in the state. IDEA is responsible for enforcing the requirements of IDEA Part B and continuous improvement via Local Educational Agencies. The State Performance Plan serves as the accountability mechanism. It documents quantifiable indications of performance. Indicator 13 is a compliance indicator for the percentage of students with IEPs aged 16 and above with an IEP that includes appropriate measurable postsecondary goals, transition services, and annual IEP goals. Indicator 14 is a results indicator for the percentage of youth who are no longer in secondary school, had an IEP in effect at the time they left school, and were a) enrolled in higher education within one year of leaving high school, b) enrolled in higher education or competitively employed within one year of leaving high school, c) enrolled in higher education or in some other postsecondary or training program, or competitively employed or in some other employment within one year of leaving high school.

interpret needs assessment data, provide input on the development of training activities, and disseminate information to regional stakeholders.

5. Creating a database of transition personnel – The database will include special educators, related service personnel, administrators, and vocational rehabilitation providers in the State of Illinois and update it annually. The database will be used to develop a listserv to disseminate information about the center's resources and training activities

The University of Illinois at Urbana-Champaign (UIUC) has a long history of successful collaboration with the ISBE Special Education Services Department through its contract for the IEP Quality Project, called IEPQ.3 UIUC has proven knowledge and skills in understanding the requirements of transition programming as shown by its IEPQ Tutorial, past production of high-quality professional development, and ability to maintain data on participant usage. UIUC has demonstrated through its work with Illinois school districts that it is aware of the need for additional supports to schools for transition programming for students with disabilities. In order to best ensure project deliverables are met and that UIUC possesses the capacity to support this work, the university submitted a proposal to ISBE.

**CURRENT STATUS:** ISBE does not currently have an intergovernmental agreement with the University of Illinois for this project. This is a new project designed to address both IDEA and WIOA for the population of students with intellectual disabilities and multiple disabilities. There is a state appropriation for Illinois State University for the Autism Training and Technical Assistance Project that addresses transition training and supports related to students with autism, but this new project is broader in scope and includes statewide interagency coordination activities and compilation of a database of transition personnel, in addition to training and technical assistance. UIUC possess the expertise and capacity to support this work. ISBE currently does not have the capacity to provide this level of coordination, training, technical assistance, and targeted support to significantly improve transition to work outcomes for students with IEPs. Assistance up to this point has been provided by principal consultants who are assigned many other responsibilities within the Special Education Services Department.

**RELEVANT DATA:** Individuals with disabilities are consistently employed at lower rates, for fewer hours per week, and at lower wages than individuals without disabilities. Data from the Bureau of Labor Statistics (2017) indicate that 65.3 percent of individuals without disabilities were employed in 2016 as compared to only 17.9 percent of individuals with disabilities. The unemployment rate of individuals with disabilities (10.5 percent) was more than double the rate of individuals without disabilities (4.6 percent).

**PROS AND CONS:** Supporting the University of Illinois in the development of the Illinois Center for Transition and Work will substantially enhance the training and technical assistance provided to school districts in meeting the requirements of IDEA and WIOA. The project will increase the existing coordination of services between the Illinois State Board of Education, the Illinois Department of Human Services Office of Vocational Rehabilitation Services, and school districts.

#### **Financial Background**

This new IGA will be for \$1 million in FY 2020, renewable for \$1 million per year through FY 2024 for a total not to exceed \$5 million over five years. Annual renewal will be based on satisfactory implementation of deliverables and performance standards as outlined in the IGA (e.g., frequency with which individuals use the center, their satisfaction with the training and technical assistance, and improved student outcome data on Indicator 14 of the State Performance Plan) and on appropriation of IDEA Discretionary Grant funding.

The financial background of this contract/grant is illustrated in the table below:

	Current Contract State Funding	Current Contract Federal Funding		Requested Additional State Funding	Requested Additional Federal Funding	Total Contract per Fiscal Year
FY20	\$0	\$0		\$0	\$1000000	<b>\$1000000</b>

<sup>3</sup> The IEP Quality Project involves the IEPQ Tutorial, an online resource developed by the University of Illinois to assist IEP teams in writing high-quality IEPs that are individualized, based on data, connected to standards, and tied to a student's instructional needs. This site was created to assist education professionals to improve IEPs for students. ISBE has provided IDEA Part B Discretionary funding for the project since FY 2010.

**Business Enterprise Program (BEP)**

The IGA is exempt from the BEP goal.

**Analysis and Implications for Policy, Budget, Legislative Action, and Communications**

**Policy Implications:**

This project supports IDEA requirements for transition planning for students with disabilities and WIOA requirements to prepare traditionally underserved populations for employment.

**Budget Implications:**

IDEA Discretionary Grant funds are sufficient to support this project. There will be no cost to districts.

**Legislative Action:** No action required.

**Communication:**

Communication with the field will be required to inform them of the new opportunities for training and support available through the Illinois Center for Transition and Work.

**Pros and Cons of Various Actions**

The project will allow ISBE to provide substantial support to districts in providing training and supports necessary for compliance with IDEA and WIOA using IDEA Discretionary Grant funds without the use of additional state or local funds.

**Board Member(s) Who Will Abstain:** Chairperson Reisberg

**Recommendations:**

I recommend that the following motion be adopted:

The Illinois State Board of Education hereby authorizes the State Superintendent to enter into an intergovernmental agreement with the University of Illinois at Urbana-Champaign for the Illinois Center for Transition and Work for \$1 million in fiscal year 2020, renewable for \$1 million per year through FY 2024 for a total not to exceed \$5 million over five years, subject to appropriations.

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 16, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education   
Dr. Ernesto Matias, Education Officer 

**Agenda Topic:** Notices of Funding Opportunity/Requests for Proposals for E-rate State Matching Grant Program

**Expected Outcome:** Approval to Release Notices of Funding Opportunity/Requests for Proposals for the E-rate State Matching Grant Program

**Materials:** None

**Staff Contact(s):** Krish Mohip, M.Ed., Deputy Officer, Operational Education  
Mary Reynolds, Executive Director, Regulatory Services  
Dr. Jennifer Kirmes, Executive Director, Teaching and Learning

**Purpose of Agenda Item**

The Center for Teaching and Learning requests the Board to authorize the State Superintendent to release and award Notices of Funding Opportunity/Requests for Proposals (NOFO/RFPs) for the E-rate State Matching Grant Program. This program will provide districts with reimbursement of special construction costs for E-rate-eligible entities to capture matching federal funding that will enable expansion of educational opportunities and student achievement in fiscal year 2020 and FY 2021.

**Background Information/History**

Fiber is the only technology that can affordably deliver fast network speeds to most schools today and scale cost-effectively for growing bandwidth needs in the future, yet an estimated 54 districts across the state are making do with low-bandwidth connections.

E-rate modernization has created an opportunity for states to assist schools that need fiber construction. The Federal Communications Commission (FCC) established a state matching fund provision as part of E-rate modernization in 2014 to ensure that all schools and libraries can access high-speed broadband. This program invests in capital, targeting one-time fiber construction costs that are often too high for many districts and service providers. The FCC will match up to 10 percent of the total construction cost, dollar for dollar. At least 24 states, among them New Mexico, Texas, Oklahoma, Massachusetts, and Florida, have been working to take advantage of this rule and matching funds.

School districts must submit required FCC Forms 470 and 471, along with contract obligations by specified dates, in order to access federal E-rate funding for this matching program. There is an interdependence of distribution for state funding with the approval of projects by the federal Universal Service Administrative Company (USAC) and a lengthy process for districts to apply for approval and funding that may cross state fiscal years.

The Learning Technology Center staff and staff from the national nonprofit EducationSuperHighway (ESH) have continued to provide technical assistance to school districts to encourage participation in the program. ESH has assisted with data collection for this program. ESH estimated that Illinois was at 96 percent for connectivity and fiber in schools in 2018 and estimated the need at \$16.3 million for the state matching fund in FY 2019 to ensure equitable access to high-speed broadband. This was expected to cover the state and local shares for special construction projects. Approximately 54 districts "still need to be upgraded to scalable infrastructure," according to the latest updates from ESH.

In January 2017, the Board included in its FY 2018 budget request a new fund of \$5 million to create a state match that would provide a competitive program for eligible districts for special construction costs of expanded broadband capabilities. A NOFO/RFP was released in January 2017. A supplemental state appropriation of \$700,000 was provided for this program late in FY 2018, and 12 districts received awards.

In FY 2019, an appropriation of \$16.3 million was made for this program (Public Act 100-0586) from the School Infrastructure Fund to the State Board of Education for school district broadband expansion with the goal that all school districts achieve broadband capability by the beginning of the 2020-21 school year.

In round 1 of FY 2019, four school districts applied for and were awarded grants in the competitive NOFO/RFP process initiated March 9, 2018. All four districts were approved by USAC, and state awards have been processed. The total project costs for four districts in FY 2019 is \$132,260, and all four districts received funding.

In round 2 of FY 2019, three districts indicated on their federal filings in early 2018 that they requested a federal match for a special construction project. They did not apply through the competitive ISBE NOFO/RFP until October 2018. All three districts have been approved by USAC, and state awards have been processed. The total project costs for these three districts in FY 2019 is \$76,513.

In round 3 of FY 2019, a third NOFO/RFP was issued October 30, 2018, to coincide with the E-rate federal filings to enable districts to apply for state funding and federal match in the federal process. Twenty-seven districts were notified of tentative awards pending federal approval. One district was denied by USAC and another district did not file a federal application. Tentative awards in this round processed in FY 2019 and FY 2020 total \$1,614,919.

In round 4 of FY 2019, a fourth NOFO/RFP was issued in May 2019 to allow for only a very limited number of districts that indicated on their federal filings that they intended to apply for a special construction project, but they had not yet taken advantage of the program. Two districts applied and one has been approved in FY 2020, while the second remains in the federal review process.

Of the \$16.3 million from FY 2019 that remained unexpended, \$15,928,428 was reappropriated in FY 2020 (Public Act 101-0007) as follows in Article 166:

Section 5: The sum of \$16.3 million, or so much thereof as may be necessary and remains unexpended at the close of business on June 30, 2019, from an appropriation heretofore made for such purpose in Article 162, Section 145 of Public Act 100- 13 0586, as amended, is reappropriated from the School Infrastructure Fund to the State Board of Education for school district broadband expansion with the goal that all school districts achieve broadband capability by the beginning of the 2020-21 school year. The funds shall be distributed to school districts that have been approved for broadband expansion funding under the federal Universal Service Program for Schools and Libraries, with school districts without high-speed internet access receiving priority with respect to the distribution of those funds.

<b>Demographics of Students Served by Broadband Upgrades</b>

<b>Total Students Served</b>	<b>19,884</b>	<b>405,810</b>	<b>425,694</b>

Releasing new rounds of this NOFO/RFP in FY 2020 will provide opportunities for districts to indicate their anticipated FY 2020 and FY 2021 projects in their federal filings. An initial release is targeted for late October 2019 and will be due in late January, but another round of NOFO/RFPs or two may be possible in 2020 to capture additional districts. USAC may review and approve projects in this cycle that could begin in state FY 2020 or may not finalize approvals until state FY 2021. If the review process extends into state FY 2021, funding would be dependent upon a reappropriation of remaining dollars and would be noted in the NOFO/RFP and award notices.

Governor Pritzker launched a statewide initiative, [Connect Illinois](#), in August 2019 to expand broadband access across the entire state. Connect Illinois includes a capital investment from Rebuild Illinois, the creation of a Broadband Advisory Council and Broadband Office, and a new program that will provide all Illinois public K-12 students access to high-speed broadband at no charge through the Illinois Century Network. The initiative also includes a \$400 million broadband grant program and a \$20 million capital program for the Illinois Century Network, a high-speed broadband network serving K-12 and higher education institutions, among others. It is anticipated that awareness of Connect Illinois may generate additional interest in the ISBE E-rate State Matching Grant Program to assist districts with special construction costs and leverage support by the Illinois Century Network.

### **Financial Background**

The financial background of this program is illustrated in the table below:

	State Funding Appropriated	Amount Awarded by State to Date	Number of Districts Applied to Date
FY18	\$700,000	\$548,912	12
FY19	\$16,300,000	\$2,893,345*	36
FY20	**		
Total	\$17,000,000	\$3,442,257	48

\* Amount tentatively awarded pending federal approvals.

\*\* \$15,928,428 reappropriated from FY 2019.

### **Business Enterprise Program (BEP)**

This NOFO/RFP is exempt from the agency's BEP goal.

### **Analysis and Implications for Policy, Budget, Legislative Action, and Communications**

**Policy Implications:** Expansion of broadband capacity will expand opportunities for learning.

**Budget Implications:** Release of FY 2020 NOFO/RFPs will create opportunities for eligible districts to access funding for special construction costs and federal matching funds.

**Legislative Action:** Dedicated state appropriations are needed to access the federal match. A reappropriation would be anticipated for FY 2021.

**Communication:** None.

### **Pros and Cons of Various Actions**

**Pros:** Authorization to release NOFO/RFPs will create opportunities to invest in capital, targeting one-time fiber construction costs that are often too high for many districts and service providers.

**Cons:** If this NOFO/RFPs are not released in late fall, districts will miss the window of opportunity to access federal matching funds.

**Board Member(s) Who Will Abstain:** None.

### **Superintendent's Recommendation:**

I recommend that the following motion be adopted:

The State Board of Education hereby authorizes the State Superintendent to release Notices of Funding Opportunity/Requests for Proposals and award grants to eligible school districts for the E-rate State Matching Grant Program in FY 2020. The estimated cost of the grants will not exceed \$15,928,428 as appropriated.

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 16, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education   
Dr. Ernesto Matias, Education Officer 

**Agenda Topic:** Request for Sealed Proposals for Contractual Monitoring for Chicago Public Schools

**Expected Outcome:** Approval to Release a Request for Sealed Proposals for Contractual Monitoring for Chicago Public Schools

**Materials:** None

**Staff Contact(s):** Krish Mohip, M.Ed., Deputy Operational Education  
Mary Reynolds, Executive Director, Regulatory Services  
Matt Ulmer, Director, Federal and State Monitoring Department

**Purpose of Agenda Item**

The Center for Regulatory Services requests that the Board authorize the State Superintendent to release and award a Request for Sealed Proposals (RFSP) whereby one entity will be awarded a contract to conduct monitoring activities according to agreed upon procedures for the City of Chicago District 299 (CPS). The estimated amount of the contract will not exceed \$1.375 million over the term of the contract.

**Background Information/History**

The federal Uniform Guidance (2 CFR 200) requires ISBE to monitor subrecipients using a risk-based approach. Current staffing levels limit ISBE from conducting monitoring activities at some of the more financially material districts on a regular basis. This contract will allow for annual monitoring of CPS for five years.

ISBE issued a competitive Request for Sealed Proposals in fiscal year 2018 and, as a result, entered into a contractual agreement with a vendor to annually perform monitoring activities for our review of CPS. This contract has strengthened the relationship between CPS and ISBE. Given the success of this arrangement and the continuing staffing resource shortages we face, a new contract will allow for the continuation of these vital monitoring activities while also making it possible for current field staff to perform monitoring activities in areas of the state where staffing shortages currently exist.

**Financial Background**

The term of this contract will be January 1, 2020, through December 31, 2024. The contract is based on the calendar year and therefore requires funding from six state fiscal years. The estimated cost of the total contractual period will not exceed \$1.375 million. The contract will be awarded using a competitive process. Funding for this contract will be allocated among the state and federal programs monitored (Title I, Title II, Title III, IDEA Flow Through, 21<sup>st</sup> Century Learning, Career and Technical Education, and Early Childhood). These programs were selected based on the level of funding provided by ISBE, but some substitutions may be made if other factors come to light that would warrant change. Our goal is to ensure monitoring of the most financially material programs while also being responsive to specific risk factors should additional information come to light.

The financial background of this contract/grant is illustrated in the table below:

	Current Contract State Funding	Current Contract Federal Funding		Requested Additional State Funding	Requested Additional Federal Funding	Total Contract per Fiscal Year
FY20	\$0	\$0		<b>\$20,625.00</b>	<b>\$116,875.00</b>	<b>\$137,500.00</b>
FY21	\$0	\$0		<b>\$41,250.00</b>	<b>\$233,750.00</b>	<b>\$275,000.00</b>
FY22	\$0	\$0		<b>\$41,250.00</b>	<b>\$233,750.00</b>	<b>\$275,000.00</b>
FY23	\$0	\$0		<b>\$41,250.00</b>	<b>\$233,750.00</b>	<b>\$275,000.00</b>
FY24	\$0	\$0		<b>\$41,250.00</b>	<b>\$233,750.00</b>	<b>\$275,000.00</b>

<b>Total</b>	<b>\$0</b>	<b>\$0</b>		<b>\$206,250.00</b>	<b>\$1,168,750.00</b>	<b>\$1,375,000.00</b>

**Business Enterprise Program (BEP)**

This procurement will include a 20 percent BEP goal.

**Analysis and Implications for Policy, Budget, Legislative Action, and Communications**

**Policy Implications:** None.

**Budget Implications:** This RFSP will be funded with state early childhood and U.S. Department of Education funds allocated for administrative purposes.

**Legislative Action:** None.

**Communication:** Not applicable.

**Pros and Cons of Various Actions**

**Pros:** Approval of this request will allow for regular monitoring activities at CPS, our most financially material district, therefore helping ensure grant funds are being properly utilized. Additionally, using outside support for this engagement will allow ISBE to tighten quality control on all Districts state-wide by freeing existing staff to perform monitoring activities we would not otherwise be able to do.

**Cons:** Not approving this request will put a greater strain on scarce staff resources and risk non-performance of these critical monitoring activities, as these monitoring activities will have to be absorbed within current workloads and will limit monitoring activities at other grantees and districts.

**Recommendation:**

I recommend that the following motion be adopted:

The State Board of Education hereby authorizes the State Superintendent to release and award a Request for Sealed Proposals and award a contract to the successful offeror to perform monitoring activities at Chicago Public Schools. The term will begin January 1, 2020 and extend through December 31, 2024. The estimated cost of the total contractual period will not exceed \$1.375 million, subject to appropriations.

**Materials:** None

**Staff Contact(s):** Krish Mohip, M.Ed., Deputy Operational Education  
Mary Reynolds, Executive Director, Regulatory Services  
Matt Ulmer, Director, Federal and State Monitoring Department

**Purpose of Agenda Item**

The Center for Regulatory Services requests the Board to authorize the State Superintendent to release and Award a Request for Sealed Proposals (RFSP) whereby one or more entities will be awarded a contract to conduct monitoring activities according to agreed upon procedures for selected financially material grant recipients, excluding the City of Chicago District 299 (CPS). The estimated amount of the contract(s) will not exceed \$1.2 million over the term of the contract(s).

We have tentatively selected the following districts to be monitored during the contractual period based on current data and a historical three-year trend analysis. These districts receive the largest amount of grant funding outside of CPS. They were selected to ensure monitoring coverage of the most financially material districts.

- 1) Rockford SD 205 – 04-101-2050-25
- 2) School District U-46 – 31-045-0460-22
- 3) Springfield SD 186 – 51-084-1860-25
- 4) School District 131 Kane County – 31-045-1310-22
- 5) Peoria District 150 – 48-072-1500-25
- 6) East St. Louis 189 – 50-082-1890-22
- 7) Waukegan SD 60 – 34-049-0600-26
- 8) County of Cook SD 99 – 06-016-0990-02
- 9) Decatur SD 61 – 39-055-0610-25

**Background Information/History**

The federal Uniform Guidance (2 CFR 200) requires ISBE to monitor subrecipients using a risk-based approach. Current staffing levels limit ISBE from conducting monitoring activities at some of the more financially material districts on a regular basis. This contract(s) will allow for regular monitoring activities at nine of our more financially material districts (excluding CPS) on a three-year rotating cycle. Each year of the contract(s) will include monitoring of three financially material districts. Over the course of the contract(s), nine financially material districts will be monitored once each. This procurement will allow ISBE to expand monitoring activities to reach our most financially material districts beyond CPS, therefore providing assurance that grant dollars are being utilized in the manner intended and as required by law.

ISBE issued a competitive Request for Sealed Proposals in fiscal year 2018 and, as a result, entered into a contractual agreement with a vendor to annually perform monitoring activities for our review of CPS. This contract has strengthened the relationship between CPS and ISBE. Given the success of this arrangement and the continuing staffing resource shortages we face, there is an opportunity to expand this successful monitoring model and allow current field staff to perform monitoring activities in areas of the state where staffing shortages currently exist.

**Financial Background**

The term of this contract(s) will be January 1, 2020, through December 31, 2022. The contract(s) are based on the calendar year and therefore require funding from four state fiscal years. The estimated cost of the total contractual period will not exceed \$1.2 million. The contract will be awarded using a competitive process. Funding for this contract will be allocated among the state and federal programs monitored (Title I, Title II, Title III, IDEA Flow Through, 21<sup>st</sup> Century Learning, Career and Technical Education, and Early Childhood). Appendix B: Letter from The Honorable Bill Brady, Senate Minority Leader  
Appendix C: Letter from The Honorable John J. Cullerton, Senate President  
Appendix D: Letter from The Honorable Jim Durkin, House Minority Leader  
Appendix E: Letter from The Honorable Michael J. Madigan, Speaker of the House

**Staff Contact(s):** Amanda Elliott, Executive Director, Legislative Affairs  
Barbara Hobrock, Legislative Affairs and Waiver Coordinator

**Purpose of Agenda Item**

The purpose of the agenda item is to request that the State Board of Education move to approve, deny, modify, or decline to act on waiver requests that were noticed for further consideration by fewer than three panel members of the General Assembly.

**Background Information**

Section 2-3.25g of the School Code allows school districts, independent authorizers, joint agreements, regional superintendents of schools, and Intermediate Service Centers (ISCs) to apply for waivers or modifications of School Code mandates or agency rules. Eligible entities may petition the State Board for approval of waivers or modifications for the following reasons:

- To meet the intent of the mandate in a more effective, efficient, or economical manner;
- To stimulate innovation; or
- To improve student performance.

Waivers **cannot** be requested from laws or rules pertaining to:

- Special education,
- Teacher licensure,
- Teacher tenure and seniority,
- Compliance with the federal Every Student Succeeds Act,
- Township treasurers, or
- Evaluation of licensed employees.

**Application Process**

All eligible entities wishing to petition for a waiver or modification first must hold a public hearing to consider the request. The hearing must provide for a time to take testimony about the request separate from the time when any other business is being conducted or testimony on other matters is being heard.

All applicants must post a notice on their official website (if applicable) at least 14 days in advance of the hearing. The posting must state the time, date, location, and general subject matter of the hearing.

School district hearings must be preceded by a public notice published in a newspaper of general circulation within the district's boundaries. Hearings for joint agreements, ISCs, or regional superintendents must be preceded by a public notice in a newspaper of general circulation in each school district that is a member of the joint agreement or that is served by the educational service region or service center, provided that a notice in a newspaper generally circulated in more than one school district shall be considered sufficient notice to all of the affected districts. All applicants must publish the newspaper notice at least seven days in advance of the public hearing.

In addition, all applicants must provide written notice addressed to the affected exclusive collective bargaining agent at least seven days prior to the hearing date. The notice must indicate the applicant's intent to seek a waiver or modification and that testimony will be taken at the hearing.

Finally, all applicants must provide advance written notice to the state legislators who represent the territory in which the school district or other applicant is located at least seven days in advance of the hearing.

Copies of the website notice, newspaper notice, the notice(s) to the collective bargaining agent(s), and the notices to the applicant's state legislators must be included with the application. All applications must be sent by certified mail.

#### *Review Process*

Applications for General Assembly approval of waivers of School Code mandates are reviewed for completeness by the State Board and submitted in a report to the General Assembly before March 1 and October 1 of each year. The General Assembly review process was changed by Public Act 100-0465 (funding reform).

The State Board reviews the waiver report and may provide recommendations to the General Assembly. Once transmitted by the State Board, the report is reviewed by a panel of four members consisting of the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the President of the Senate, and the Minority Leader of the Senate. The members of the panel submit to the State Board of Education any notice of further consideration to any waiver request within 14 days after the member receives the report. If three or more of the panel members submit a notice of further consideration to any waiver request contained within the report, the State Board of Education shall submit the waiver request to the General Assembly for consideration. If fewer than three panel members submit a notice of further consideration to a waiver request, the waiver may be approved, denied, or modified by the State Board. If the State Board does not act on a waiver request within 10 days, then the waiver request is approved. If the waiver request is denied by the State Board, it shall submit the waiver request to the General Assembly for consideration.

The General Assembly may disapprove any waiver request submitted to the General Assembly in whole or in part within 60 calendar days after each house of the General Assembly next convenes after the waiver request is submitted by adoption of a resolution by a record vote of the majority of members elected in each house. If the General Assembly fails to disapprove any waiver request or appealed request within such 60-day period, the waiver or modification shall be deemed granted. Any resolution adopted by the General Assembly disapproving a report of the State Board in whole or in part shall be binding on the State Board.

#### *Fall 2019 Report*

The Fall 2019 Waiver Report is the 49<sup>th</sup> report to be submitted to the General Assembly under Section 2-3.25g of the School Code. School districts were required to submit applications to agency staff on or before August 15 to be included in the fall report.

The Board approved transmittal of the Fall 2019 Waiver Report to legislative leaders during its September meeting and the report was delivered on September 23, 2019. Accordingly, the panel was required to notify the State Board by October 7, 2019, of any waiver requests noticed for further consideration. As of the close of business on October 7, 2019, agency staff received responses from House Speaker Madigan, Senate President Cullerton, House Minority Leader Durkin, and Senate Minority Leader Brady.

None of the 37 waiver requests in the Fall of 2019 Waiver Report were noticed for further consideration by three or more panel members. Therefore, all waiver requests contained in the Fall 2019 Waiver Report are being presented to the Board for approval, denial, modification, or non-action. Requests not approved, denied, or modified by the Board at its October meeting shall be deemed approved. Requests denied by the Board shall be transmitted to the full General Assembly for consideration.

#### **Relationship to the State Board's Strategic Plan and Implications for the Agency and School Districts**

The waiver report is linked to the agency's mission and goals because applicants may request waivers or modifications of School Code mandates or of agency rules to improve student performance.

#### **Analysis and Implications for Policy, Budget, Legislative Action, and Communications**

**Policy Implications:** None.

**Budget Implications:** None.

**Legislative Action:** None.

**Communication:** Please see "**Next Steps.**"

**Pros and Cons of Various Actions**

**Pros:** Districts that request waivers or modifications of School Code mandates or of agency rules must make the request(s) to improve student performance.

**Cons:** None.

**Board Member(s) Who Will Abstain:** None.

**Superintendent's Recommendation**

I recommend the following motion be adopted:

The State Superintendent recommends that the State Board of Education move to approve all waiver requests.

**Next Steps**

Staff will take the following actions:

- School districts with requests approved by the Board will be notified that those requests have been approved,
- School districts with requests denied by the Board will have those requests submitted to the General Assembly in accordance with Section 2-3.25g of the School Code, and/or
- School districts with requests not acted upon by the Board will be notified that those requests are approved.

*Volume 49 – Fall 2019 Waiver Report*

**Administrative Cost Cap Limitation**

*Carbondale ESD 95 – Jackson (SD59/HD118)* / **Expiration: 2018-19 school year / W-100-6631 – Waiver of School Code** (Section 17-1.5) requests a waiver of the fiscal year 2019 Limitation of Administrative Costs. The district's FY 2019 budgeted administrative costs exceed the FY 2018 actual administrative costs by 19 percent. The district employed a retired superintendent as a part-time interim superintendent during FY 2018. The interim superintendent worked for only 100 days with a salary of \$60,008. The district began employing a full-time superintendent in FY 2019. The full-time superintendent receives a salary reflective of the full-time status at a budgeted cost of \$150,816. Moving from a part-time interim superintendent to a full-time superintendent resulted in \$90,808 additional budgeted expenditures in FY 2019. The change from a part-time interim superintendent to a full-time superintendent caused the district to exceed the statutory allowable 5 percent increase. Carbondale ESD 95 would have complied with the FY 2019 Limitation of Administrative Costs without the additional budgeted expenditures, experiencing a decrease compared to prior year expenditures.

*Dakota CUSD 201 – Jo Daviess (SD45/HD89)* / **Expiration: 2018-19 school year / W-100-6632 – Waiver of School Code** (Section 17-1.5) requests a waiver of the FY 2019 Limitation of Administrative Costs. The district's FY 2019 budgeted administrative costs exceed the FY 2018 actual administrative costs by 26 percent. The district exceeded the limitation due to an increase of \$42,370 within the FY 2019 budgeted administrative costs for Function 2320, Executive Administration Services. This administrative cost function increased due to three reasons:

1. The district utilized two interim superintendents as their lead administrators during FY 2018 and FY 2019. Each interim superintendent was paid a daily rate of \$550 in FY 2018. The district increased the daily rate by \$75 per day for FY 2019, for a total daily rate of \$625. The district reported that the increase resulted in the new per diem rate being more regionally competitive. The increase in per diem resulted in \$15,000 additional budgeted expenditures in FY 2019.
2. The retired administrators who served on an interim basis were capped at a maximum of 100 work days during FY 2018. A legislative change raised the cap to a maximum of 120 days. The district employed the interim superintendents to each work an additional 20 days in FY 2019 to provide for a lead administrator in the district for more days. The additional days also allowed the interim superintendents help the FY 2019 JH/HS principal transition to the full-time superintendent in FY 2020. The additional work days resulted in \$25,000 additional budgeted expenditures in FY 2019.
3. The superintendent's secretary salary was increased 6 percent for FY 2019 as compensation for added duties to transition a new board secretary to take over her duties.

The additional pay for the superintendent's secretary resulted in \$2,370 additional budgeted expenditures in FY 2019.

Dakota CUSD 201 would have complied with the FY 2019 Limitation of Administrative Costs without the additional budgeted expenditures detailed above, experiencing a slight decrease compared to prior year expenditures.

*J. Sterling Morton District 201 – Cook (SD12/HD23) / **Expiration: 2018-19 school year / W-100-6643 – Waiver of School Code*** (Section 17-1.5) requests a waiver of the FY 2019 Limitation of Administrative Costs. The district's FY 2019 budgeted administrative costs exceed the FY 2018 actual administrative costs by 21 percent. JS Morton HSD purchases school uniforms from a vendor and re-sells them to students in a school store. The district contracted with a vendor that provided uniforms at a low, reasonable cost in the most recent bidding process. The low cost resulted in students purchasing more school uniforms than had been purchased in the past. The district then purchased additional uniforms from its vendor in order to restock and be prepared for future student purchases. The district budgeted an additional \$452,892 for the school uniform purchases in FY 2019 out of Function 2570, Internal Services. The need to budget for additional school uniform purchases caused the district to exceed the statutory allowable 5 percent increase. The district would have realized revenue from the student purchases of the uniforms, but the Limitation of Administrative Costs Worksheet only reports expenditures, not corresponding revenues. JS Morton HSD 201 would have complied with the FY 2019 Limitation of Administrative Costs without the additional budgeted expenditures, experiencing a decrease compared to prior year expenditures.

*Liberty CUSD 2 – Adams (SD47/HD94) / **Expiration: 2018-19 school year / W-100-6642 – Waiver of School Code*** (Section 17-1.5) requests a waiver of the FY 2019 Limitation of Administrative costs. The district's FY 2019 budgeted administrative costs exceed the FY 2018 actual administrative costs by 10 percent. The district's prekindergarten program was administered by a prekindergarten teacher who received a stipend for the duties. The district's prekindergarten grant and program doubled in FY 2019, resulting in the need for a full-time coordinator. The district budgeted an additional \$12,363 for the prekindergarten coordinator salary and benefits in FY 2019 over the previous year teacher stipend for administration duties. The increase in prekindergarten administration is cost-neutral, as the expenditures are covered by grant funds. But the Limitation Worksheet only reports expenditures and does not take into account revenue received by a district to pay for the reported administrative costs. Liberty CUSD 2 would have complied with the FY 2019 Limitation of Administrative Costs without the additional budgeted expenditures, experiencing only a 3 percent increase.

*Ohio CCGSD 17* – Bureau (SD37/HD74) / **Expiration: 2018-19 school year / W-100-6614** – **Waiver of School Code** (Section 17-1.5) requests a waiver of the FY 2019 Limitation of Administrative Costs. The district's FY 2019 budgeted administrative costs exceed the FY 2018 actual administrative costs by 17 percent.

The district superintendent serves as transportation director, and a portion of salary and benefits are charged to the Transportation Fund to reflect this duty. A portion of the district superintendent's salary is also charged to the Tort Fund based on the district's risk management plan. Transportation Fund expenditures and Tort Fund expenditures are not reported on the Limitation of Administrative Costs Worksheet. The district made an accounting change for FY 2019 in order to better reflect the time the superintendent spends on different duties in the district. The amount of the superintendent's salary and benefits charged to the Transportation Fund and the Tort Fund was reduced, thereby increasing the amount of the superintendent's salary and benefits charged to Function 2320, Executive Administration Services, which is reported on the Limitation worksheet. The accounting change resulted in \$1,588 additional budgeted expenditures in FY 2019.

The superintendent was paid a stipend as Title I director in FY 2019. The superintendent served as Title I director for both the elementary district and the high school district, but all of the stipend costs were budgeted within the Ohio CCSD 17 budget because there were more students eligible for Title I within grades K-8. This administrative cost increase is cost-neutral, as the expenditures are covered by grant funds. But the Limitation worksheet only reports expenditures and does not take into account revenue received by a district to pay for the reported administrative costs. This stipend was for one year only, as it was not paid in FY 2018 and the district does not intend to pay it in FY 2020. The district budgeted an additional \$6,880 in FY 2019 administrative costs for the Title I director salary and benefits. The district also budgeted \$400 in FY 2019 for Illinois Association of School Administrators (IASA) dues/fees, which was not expended through the Limitation cost functions in FY 2018.

Ohio CCSD 17 would have complied with the FY 2019 Limitation of Administrative Costs without the additional budgeted expenditures due to the accounting change, stipend, and IASA dues, experiencing a 5 percent increase.

*Ohio CHSD 505* – Bureau (SD37/HD74) / **Expiration: 2018-19 school year / W-100-6615** – **Waiver of School Code** (Section 17-1.5) requests a waiver of the FY 2019 Limitation of Administrative Costs. The district's FY 2019 budgeted administrative costs exceed the FY 2018 actual administrative costs by 8 percent.

The district superintendent did not attend any conferences outside the district during FY 2018. The district budgeted for superintendent and administrative secretary travel in FY 2019. This allotment was to pay for attendance fees for conferences to advance the knowledge of the superintendent and/or administrative secretary as well as mileage for travel to any conferences. The district budgeted an additional \$2,500 for potential FY 2019 travel for conference attendance.

Supplies and other categories had \$117 expended in FY 2018. The expenditure budget was increased to \$1,000 in FY 2019. District office supplies were budgeted in supplies and IASA dues and fees were budgeted in other categories.

Ohio CHSD 505 would have complied with the FY 2019 Limitation of Administrative Costs without the additional budgeted expenditures for travel, supplies, and fees, experiencing only a four percent increase.

*Sandoval CUSD 501* – Marion/Clinton (SD54/HD107) / **Expiration: 2018-19 school year / W-100-6624 – Waiver of School Code** (Section 17-1.5) requests a waiver of the FY 2019

Limitation of Administrative Costs. The district's FY 2019 budgeted administrative costs exceed the FY 2018 actual administrative costs by 793 percent. The district exceeded the limitation due to an increase of \$954,477 within the FY 2019 budgeted administrative costs for Function 2610, Direction of Central Support Services. This administrative cost function increased due to three reasons:

1. Expenditures within the School Improvement Grant (SIG) were accounted for under Function 2410, Office of Principal Services, a cost function not reported on the Limitation of Administrative Costs Worksheet in previous years. The district was directed by its ISBE SIG consultant to move those expenditures out of Function 2410 and into Function 2610, Direction of Central Support Services, starting with FY 2019 in order to be in compliance with federal budget guidelines. These expenditures included salary and benefits for the SIG transformational officer and fees for services for the SIG lead partner, Consortium for Educational Change. The change to accounting for SIG expenditures within Function 2610 resulted in \$782,100 additional budgeted expenditures in FY 2019.
2. The Region 13 Regional Office of Education (ROE) acted as fiscal agent for Sandoval's School Climate Transformation Grant (SCTG). The ROE would pay salaries to individuals per the grant, and the district would reimburse the ROE through the grant funds. The ROE had instances of needing to secure loans in order to meet payroll due to limited cash reserves. The ROE requested the district take over the fiscal agent duties for the SCTG starting in FY 2019 for the last year of the grant. (The grant ends September 2019.) As fiscal agent, the district directly took over the salaries and benefits of the SCTG project director, accounting for the expenditures within Function 2610, Direction of Central Support Services. Adding the SCTG project director costs resulted in \$106,377 additional budgeted expenditures in FY 2019.
3. Sandoval Junior High was designated by ISBE as an Underperforming School, requiring the district to apply for an additional SIG. Within this additional SIG are fees to be paid to the lead partner, Consortium for Educational Change, accounted for within Function 2610, Direction of Central Support Services. The additional SIG lead partner fees resulted in \$66,000 additional budgeted expenditures in FY 2019.

A change in accounting for expenditures from the district's School Improvement Grant, taking over as fiscal agent for a district grant previously administered by the ROE, and additional grant expenditures due to an Underperforming School all caused the district to exceed the statutory 5 percent increase. The items causing the district to exceed the FY 2019 Limitation are all cost-neutral, as the listed expenditures are covered by grant funds. But the Limitation Worksheet only reports expenditures and does not take into account revenue received by a district to pay for the reported administrative costs. Sandoval CUSD 501 would have complied with the FY 2019 Limitation of Administrative Costs without the additional budgeted expenditures, experiencing a decrease compared to prior year expenditures.

### **Driver's Education**

*St. Charles CUSD 303* – Kane (SD33/HD65) / **Expiration 2024-25 school year / W-100-6639R (renewal) – Waiver of School Code** (Section 5/27-24.2) requests to change Driver's Education fee from \$50 to \$400. The net cost per student for the program is \$479.65. This net cost factors in the State of Illinois reimbursement to the district to be as cost efficient as possible with its limited resources. The fee shall be waived in the event a student cannot pay.

### **Non-resident Tuition**

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**OCTOBER 16, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education   
Dr. Ernesto Matias, Education Officer 

**Agenda Topic:** After-School Programs Grants

**Expected Outcome:** Informational item

**Materials:** None

**Staff Contact(s):** Jeffrey Aranowski, Executive Director, Safe and Healthy Climate  
Cara Wiley, Director, Wellness Department  
Kristy Jones, Wellness Supervisor

**Purpose of Agenda Item**

The purpose of this agenda item is to provide information to the Board with respect to Healthy Community Investment Grants. The Wellness Department will request that the Board, during its November 2019 meeting, authorize the award of grants to school districts and community organizations based upon a prescribed methodology and formula created in conjunction with program and fiscal areas.

**Background Information/History**

Public Act 101-077 appropriated \$20 million in General Revenue Funds to provide grants to school districts and community organizations for after-school programming. Representatives from the four legislative caucuses and the Governor's Office of Management and Budget agreed to the Healthy Community Investment Grants Program after several discussions. This state line item continues to be funded for fiscal year 2020. The program design in prior fiscal years was as follows:

**School District Grant Allocations**

School districts that had low-income concentrations of 60 percent or more were awarded a base grant of \$25,000. In addition to the base grant, qualifying school districts received additional funding based upon a per pupil dollar amount weighted by percentage of capacity to meet expectations, ensuring that a greater amount of funding goes to districts the furthest away from adequacy. The purpose of the funding is to:

- Improve academic outcomes for students.
- Provide opportunities for enrichment activities in a safe and healthy environment.
- Provide opportunities to strengthen public, private, and philanthropic partnerships so that Quality support services are more durable for students facing the greatest challenges.

**Competitive Grant Allocations**

Successful non-school district/non-Local Education Agency (LEA) grant applicants were awarded a base grant allocation of \$25,000, with the potential for additional funding based upon the applicants' proportional share of the total number of students served. The eligibility criteria for non-school district/non-LEA applicants was as follows:

- Serving 90 percent or more low-income students (minimum 100 students)
- Documented success in raising academic outcomes
- Documented evidence of a strong relationship with the local school or school district
- Documented evidence of effective enrichment activities and increased student safety
- Documented evidence of effective grant management
- Registered under the Grant Accountability and Transparency Act
  - Current DUNS Number
  - SAM CAGE Code
  - Not be on the Federal Excluded Parties List
  - Be in good standing with the Illinois Secretary of State

Additionally, grantees will be made aware of opportunities for participation in the National School Lunch After School Snack Program and/or the Child and Adult Care Food at Risk Program (snack and supper) to augment offerings to students.

**Current Status:**

The Wellness Department has received notice of appropriation and upon final confirmation of how the funds shall be distributed will begin working to identify eligible districts for this funding. The Notice of Funding Opportunity (NOFO)/Request for Proposals (RFP) process for the competitive portion of this funding will also begin.

**Relevant Data:**

There were 212 districts eligible for these funds in FY 2017; nine non-school districts received funds. There were 198 eligible districts in FY 2018; 10 non-school districts were awarded funds. There were 146 eligible districts in FY 2019; 17 non-school districts received funds.

**Pros and cons:**

Approving the FY 2020 Healthy Community Investment Grants will allow ISBE to meet its statutory obligation under PA 101-077 and will provide grants to districts and community-based organizations for after-school programming. There are no cons.

**Financial Background**

There will be \$20 million in Healthy Community Investment Grants allocated to districts and community-based organizations either through a prescribed formula or a competitive process. The goal is to make the awards as timely as possible after it is confirmed how the funds shall be distributed and the Board's approval. The allocations for the district-prescribed, formula-based award, as well as the request for release of the competitive grant portion of these funds, will be presented to the Board for final action at its November meeting. These awards are for FY 2020 with no renewals. Renewals of these funds are based upon appropriation by the General Assembly. The financial background of this grant is illustrated in the table below:

	Current Grant State Funding	Current Grant Federal Funding		Requested Additional State Funding	Requested Additional Federal Funding	Total Grant per Fiscal Year
FY17	\$0	\$0		\$0	\$0	<b>\$15,000,000</b>
FY18	\$0	\$0		\$0	\$0	<b>\$15,000,000</b>
FY19	\$0	\$0		\$0	\$0	<b>\$15,000,000</b>
FY20	\$20,000,000	\$0		\$0	\$0	<b>\$20,000,000</b>
<b>Total</b>	<b>\$20,000,000</b>	<b>\$0</b>		<b>\$0</b>	<b>\$0</b>	<b>\$65,000,000</b>

**Business Enterprise Program**

**Analysis and Implications for Policy, Budget, Legislative Action, and Communications**

**Policy Implications:** Approval of the request will provide additional programming opportunities for children who reside in areas of a high concentration of poverty as well as provide additional funding to develop opportunities for alignment of services among various agencies within the community to support the whole child.

**Budget Implications:**

The \$20 million has been appropriated from the General Revenue Fund.

**Legislative Action:**

None.

**Communication:**

Notify school districts and community partners about the opportunity for grants as well as issue an NOFO/RFP.

**Pros and Cons of Various Actions**

**Pros:**

Approval of the request will provide additional opportunities to increase the academic achievement for students in need.

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 16, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education  
Dr. Ernesto Matias, Education Officer  
Irma Snopek, Policy and Communications Officer

**Agenda Topic:** Part 1 (Public Schools Evaluation, Recognition and Supervision) and Part 680 (State Seal of Biliteracy)

**Expected Outcome:** To inform the Board of upcoming rulemaking.

**Materials:** Appendix A: Part 1 (Public Schools Evaluation, Recognition and Supervision) Proposed Rules *Section 1.442 repeal*  
Appendix B: Part 680 (State Seal of Biliteracy) Proposed Rules *new*

**Staff Contact(s):** Heather Calomese, Executive Director, Program Services  
Amanda Elliott, Executive Director, Legislative Affairs  
Azita Kakvand, Agency Rules Coordinator, Legislative Affairs

**Purpose of Agenda Item**

This item is to inform the Board of upcoming rulemaking.

**Background Information/History**

Part 1 (Public Schools Evaluation, Recognition and Supervision) is being modified and Part 680 (State Seal of Biliteracy) is being added to align with the enactment of Public Act 101-0222, effective January 1, 2020. PA 101-0222 adds language to the State Seal of Biliteracy Program under the School Code (Section 2-3.159) to allow nonpublic schools to participate in the program. This set of rulemaking repeals the current Section for the program (Section 1.442) and creates a new Part within Title 23 so that the rules can apply to both public school districts and nonpublic schools. Other minor technical and cleanup changes were made as well. These rules are before the Board for initial review and approval.

**Current Status:** Awaiting initial review.

**Relevant Data:** The State Seal of Biliteracy Program was implemented for the first time in the 2014-2015 school year, when a total of 718 Seal and Commendation awards combined were presented. There was a total of 8,813 Seal and Commendation awards presented to graduating public high school students in the 2017-2018 school year.

**Pros and Cons of Various Actions**

- **Pros:** The proposed changes incorporate agency policy and practices, as required under the Illinois Administrative Procedure Act (IAPA).
- **Cons:** Not proceeding with the rulemaking will cause the agency's rules to conflict with certain provisions of the IAPA, which requires that the policies of state agencies be set forth in administrative rules.

**Next Steps**

Agency staff will draft rules for the Board's review in November.

## SUBPART D: THE INSTRUCTIONAL PROGRAM

### **Section 1.442 State Seal of Biliteracy (Repealed)**

~~In accordance with Section 2-3.159 of the School Code, a school district may establish a program to recognize high school graduates who have attained a high level of proficiency in one or more languages in addition to English, by designating on a student's transcript and high school diploma his or her receipt of the State Seal of Biliteracy, provided that all the conditions~~

of this Section are met. For purposes of this Section, "foreign language" has the meaning prescribed in Section 2-3.159(a) of the School Code.

a) — Foreign Language Proficiency

A school district may award the State Seal of Biliteracy to any high school graduate *who attains a high level of proficiency, sufficient for meaningful use in college and career* (Section 2-3.159 of the School Code), in a language other than English as evidenced by his or her attainment of a composite score of "intermediate high", or its equivalent, on a standardized assessment that addresses the four domains of speaking, writing, listening and reading in the targeted foreign language. For the purposes of this Section, proficiency may be shown using one of the methods outlined in this subsection (a).

1) — Assessment Method

A) — For purposes of using an assessment to determine proficiency:

- i) — "Intermediate high" is defined in the ACTFL Proficiency Guidelines 2012, published by the American Council on the Teaching of Foreign Languages, 1001 North Fairfax Street, Suite 200, Alexandria VA 22314 and available at <http://www.actfl.org/publications/guidelines-and-manuals/actfl-proficiency-guidelines-2012>. (No later amendments to or editions of these guidelines are incorporated.)
- ii) — For the American Sign Language, "intermediate high" is equivalent to meeting progress indicators for grade 12 set forth in the Standards for Learning American Sign Language (2014), published by the American Sign Language Teachers Association, P.O. Box 38, Clinton WA 98236 and available at [http://www.aslta.org/wp-content/uploads/2014/07/National\\_ASL\\_Standards.pdf](http://www.aslta.org/wp-content/uploads/2014/07/National_ASL_Standards.pdf). (No later amendments to or editions of these guidelines are incorporated.)
- iii) — "Standardized assessment" is one that is available for use on a statewide or national basis and meets generally accepted standards of fairness, validity and reliability as stated in "Standards for Educational and Psychological Testing" (2013), published by the American Educational

Research Association, 1430 K Street, N.W., Suite 1200,  
Washington D.C. 20005. (No later amendments to or  
editions of these standards are incorporated.)

2) ~~The State Superintendent shall post on its website by July 1 of each year a list of acceptable language assessments (e.g., the ACTFL Assessment of Performance Toward Proficiency in Languages (AAPPL), Advanced Placement (AP) World Language and Culture Exam, Diploma de Español como Lengua Extranjera (DELE)) and the score to be achieved on each that qualifies the student as meeting the criteria set forth in subsection (a)(1)(A)(i) or (ii), as applicable. A school district that chooses to use an assessment to measure foreign language proficiency that is not included on the list shall maintain evidence that the assessment meets the criteria specified in subsection (a)(1)(A)(iii) and either subsection (a)(1)(A)(i) or (ii), as applicable, and make that evidence available to the State Superintendent of Education upon request.~~

3) ~~Alternative Evidence Method~~  
~~A school district may choose to award the State Seal of Biliteracy through an alternative evidence method in accordance with this subsection (a)(3):~~

A) ~~The alternative evidence method may be used when:~~

- i) ~~a student attains an "intermediate mid" composite score, as defined in the ACTFL guidelines set forth in subsection (a)(1), or its equivalent, on a standardized assessment that addresses the four domains of speaking, writing, listening and reading in the targeted foreign language;~~
- ii) ~~no standardized assessment exists for the targeted foreign language;~~
- iii) ~~evaluating the language proficiency of a student with disabilities for whom the standardized assessment is inappropriate; or~~
- iv) ~~the standardized assessment for the targeted foreign language does not assess one or more of the four domains of speaking, writing, listening and reading.~~

~~B) — Any alternative evidence method used shall consist of a student portfolio that contains evidence for each component set forth in subsections (a)(3)(C) and (a)(3)(D) that demonstrates proficiency equivalent to an "intermediate high" level in the four domains of speaking, writing, listening and reading.~~

~~C) — Experience in the Targeted Foreign Language~~

~~i) — The extent to which the student's language background enables him or her to gain proficiency in the targeted foreign language in one or more of the four domains;~~

~~ii) — The extent to which the student's participation in intercultural activities provided opportunities to gain proficiency in the targeted foreign language in one or more of the four domains;~~

~~iii) — The courses taken in the targeted foreign language and the grades received; and/or~~

~~iv) — The extent to which any time spent in countries where the targeted foreign language is spoken contributed to the student's opportunities to gain proficiency in the targeted foreign language in one or more of the four domains.~~

~~D) — Work Samples~~

~~i) — Formal presentations in the targeted foreign language;~~

~~ii) — Student produced compositions, articles, papers and other formal documents in the targeted foreign language; and/or~~

~~iii) — Certificates, diplomas, results from tests or assessments other than those identified under subsection (a) and additional achievements that demonstrate sufficient proficiency in the targeted foreign language.~~

~~b) — English Proficiency~~

- 1) ~~To be eligible to be awarded the State Seal of Biliteracy, each student also shall demonstrate proficiency in English through:~~
  - A) ~~Attainment of either a "meets standards" or "exceeds standards" for English language arts on the State assessments administered at the secondary level, as authorized in Section 2-3.64a-5 of the School Code;~~
  - B) ~~Attainment of a "proficient" score on the English language proficiency assessment defined at 23 Ill. Adm. Code 228.10 (Transitional Bilingual Education) administered at the secondary level; or~~
  - C) ~~Attainment of an "intermediate high" composite score on an assessment in English identified pursuant to subsection (a)(1).~~
- 2) ~~The State Superintendent shall post on its website by July 1 of each year a list of acceptable English language assessments (e.g., the TOEFL<sup>®</sup> test, the ESL (English as a Second Language) AAPPL, ACTFL Assessment of Performance Toward Proficiency in Languages) and the score to be achieved on each that qualifies the student as meeting one of the sets of criteria for proficiency set forth in this subsection (b). A school district that chooses to use an assessment to measure English language proficiency that is not included on the list shall maintain evidence that the assessment meets the criteria specified in subsection (a)(1)(A)(iii) and one of the sets of criteria for proficiency set forth in this subsection (b) and make that evidence available to the State Superintendent of Education upon request.~~
- e) ~~The State Seal of Biliteracy program may offer a State Commendation toward Biliteracy to any student who fails to meet the requirements of subsection (a) but attains a score of "intermediate low", or its equivalent, in the targeted foreign language using the method set forth in subsection (a)(1) or (a)(3).~~
  - 1) ~~"Intermediate low" is defined in the ACTFL Proficiency Guidelines 2012 referenced in subsection (a)(1).~~
  - 2) ~~Each student also shall demonstrate a level of proficiency in English through:~~

- A) ~~Attainment of either a "meets standards" or "exceeds standards" for English language arts on the State assessments administered at the secondary level, as authorized in Section 2-3.64a-5 of the School Code;~~
  - B) ~~Attainment of a score established for part-time placement in a transitional bilingual education program (see 23 Ill. Adm. Code 228.30(c) (Establishment of Programs)) on the English language proficiency assessment defined at 23 Ill. Adm. Code 228.10 (Transitional Bilingual Education) that is administered at the secondary level; or~~
  - C) ~~Attainment of an "intermediate low" composite score on an assessment in English identified pursuant to subsection (a).~~
- 3) ~~The State Superintendent shall post on its website by July 1 of each year a list of acceptable assessments (e.g., the ACTFL Assessment of Performance Toward Proficiency in Languages (AAPPL), Advanced Placement (AP) World Language and Culture Exam, Diploma de Español como Lengua Extranjera (DELE)) and the score to be achieved on each that qualifies the student as meeting the criteria set forth in this subsection (c) for foreign language and English language proficiency. A school district that chooses to use an assessment that is not included on the list shall maintain evidence that the assessment meets the criteria specified in subsection (a)(1)(A)(iii) and the applicable criteria set forth in this subsection (c) and make that evidence available to the State Superintendent of Education upon request.~~
- d) ~~In accordance with Section 2-3.159(g) of the School Code, the school district shall place a designation of a qualifying student's receipt of the State Seal of Biliteracy in the student's permanent record on the academic transcript as defined in 23 Ill. Adm. Code 375 (Student Records) and include the designation on the student's diploma. A school district also shall place a designation of a qualifying student's receipt of the State Commendation toward Biliteracy both in the permanent record on the academic transcript and on the student's diploma. The designations shall list each of the targeted foreign languages for which the State Seal of Biliteracy or State Commendation toward Biliteracy is being awarded. The State Board of Education shall make an electronic facsimile of the State Seal of Biliteracy and the State Commendation toward Biliteracy available to school districts for this purpose.~~

~~e) — A school district that chooses to participate in the State Seal of Biliteracy program shall meet the requirements of this subsection (e).~~

~~1) — A participating school district shall notify the State Board of Education of its participation by October 1 of each year. A district that elects to participate after October 1 shall notify the State Board of Education of its participation no later than 45 calendar days prior to the issuance of any State Seals or State Commendations.~~

~~A) — A school district electing to participate after October 1 shall include in its notification to the State Board of Education evidence that the district has met all of the requirements set forth in this subsection (e).~~

~~B) — A district that fails to submit the proper notification within the timeframes provided shall be prohibited from awarding the State Seal and State Commendation for that school year.~~

~~2) — A participating district shall designate at least one individual to serve as coordinator of the State Seal of Biliteracy program and include the individual's name and contact information in the notice provided pursuant to subsection (e)(1). The individual assigned to serve as the coordinator of the program shall:~~

~~A) — Hold a professional educator license endorsed in an administrative area issued pursuant to 23 Ill. Adm. Code 25 (Educator Licensure); and~~

~~B) — Participate in training approved by the State Board of Education prior to awarding the State Seal of Biliteracy awarded under the provisions of Section 2-3.159 of the School Code and this Section and the State Commendation toward Biliteracy awarded under the provisions of this Section.~~

~~3) — Using a format prescribed by the State Superintendent of Education, a participating school shall submit an annual report to the State Board of Education no later than 30 days after the end of the school year that includes, but is not limited to, identification of each student awarded the State Seal of Biliteracy or the State Commendation toward Biliteracy;~~

~~targeted foreign language or languages for which the State Seal of Bilingualism or State Commendation toward Bilingualism was awarded to the student and the method the student used to demonstrate proficiency.~~

~~4) A participating school district shall make available information about the State Seal of Bilingualism program to parents and students by posting on the district's website, if the district maintains a website, and in the student handbook the following information:~~

~~A) General information about the State Seal of Bilingualism program and the opportunity for students to participate;~~

~~B) A description of the process a student would use to demonstrate proficiency in the targeted foreign language, including details about any alternative evidence that may be required under the provisions of subsection (a)(3), if applicable;~~

~~C) An estimate of the costs, if known, that students might incur to demonstrate proficiency using either of the methods under subsection (a); and~~

~~D) The name and contact information for any individuals designated to serve as the coordinator of the State Seal of Bilingualism program.~~

STATE SEAL OF BILITERACY

Section

680.10 Definitions

680.20 State Seal of Biliteracy

AUTHORITY: Implementing Section 2-3.159 of the School Code.

SOURCE: Adopted at 43 Ill. Reg. \_\_\_\_\_, effective \_\_\_\_\_.

**Section 680.10 Definitions**

“School Code” or “Code” means 105 ILCS 5.

“State Board” means the State Board of Education.

“State Superintendent” means the State Superintendent of Education.

“World Language” means any language other than English, including all modern languages, Latin, American Sign Language, Native American languages, and native languages.

**Section 680.20. State Seal of Biliteracy**

In accordance with Section 2-3.159 of the School Code, a school district or nonpublic school may establish a program *to recognize public and nonpublic high school graduates who have attained a high level of proficiency in one or more languages in addition to English*, by designating on a student's transcript and high school diploma his or her receipt of the State Seal of Biliteracy, provided that all the conditions of this Section are met.

- a) World Language Proficiency

A school district or nonpublic school may award the State Seal of Biliteracy to any high school graduate *who attains a high level of proficiency, sufficient for meaningful use in college and a career* (Section 2-3.159 of the Code), in a language other than English, as evidenced by his or her attainment of a "intermediate high" composite score, or an "intermediate high" score in each of the domains when no composite score is provided, or its equivalent, on a standardized assessment that addresses the four domains of speaking, writing, listening, and reading in the targeted world language. Proficiency may be shown using one of the methods outlined in this subsection.

1) Assessment Method

A) For purposes of using an assessment to determine proficiency:

- i) "Intermediate high" is defined in the American Council on the Teaching of Foreign Languages (ACTFL) Proficiency Guidelines 2012, published by ACTFL, 1001 North Fairfax Street, Suite 200, Alexandria VA 22314 and available at <http://www.actfl.org/publications/guidelines-and-manuals/actfl-proficiency-guidelines-2012>. (No later amendments to or editions of these guidelines are incorporated.) Measurement may assess tasks across the three modes of communication as defined by the World-Readiness Standards for Learning Languages available at <https://www.isbe.net/Documents/World-Languages-Standards.pdf>.
- ii) For students learning American Sign Language as a heritage or first language, "intermediate high" is equivalent to meeting progress indicators for grade 12 set forth in the Standards for Learning American Sign Language (2014), published by the American Sign Language Teachers Association, P.O. Box 38, Clinton WA 98236 and available at [http://www.aslta.org/wp-content/uploads/2014/07/National\\_AS\\_L\\_Standards.pdf](http://www.aslta.org/wp-content/uploads/2014/07/National_AS_L_Standards.pdf). (No later amendments to or editions of these guidelines are incorporated.)

- iii) For students learning American Sign Language as a world language, “intermediate high” is defined in the Communication Proficiency Performance Indicators in the Fourth Edition World-Readiness Standards for Learning Languages published by the American Council on the Teaching of Foreign Languages, 1001 North Fairfax Street, Suite 200, Alexandria VA 22314 and available at <https://www.isbe.net/Documents/World-Languages-Standards.pdf>. (No later amendments to or editions of these guidelines are incorporated).
  - iv) "Standardized assessment" is one that is available for use on a statewide or national basis and meets generally accepted standards of fairness, validity, and reliability as stated in "Standards for Educational and Psychological Testing" (2013), published by the American Educational Research Association, 1430 K Street, N.W., Suite 1200, Washington D.C. 20005. (No later amendments to or editions of these standards are incorporated.)
- 2) The State Superintendent shall post on the State Board of Education’s website by July 1 of each year a list of acceptable language assessments (e.g., the ACTFL Assessment of Performance toward Proficiency in Languages (AAPPL), Advanced Placement (AP) World Language and Culture Exam, Diploma de Español como Lengua Extranjera (DELE)) and the score to be achieved on each that qualifies the student as meeting the criteria set forth in subsection (a)(1)(A)(i), (ii), or (iii), as applicable. A school district or nonpublic school that chooses to use an assessment to measure world language proficiency that is not included on the list shall maintain evidence that the assessment meets the criteria specified in subsection (a)(1)(A)(iv) and either subsection (a)(1)(A)(i), (ii), or (iii) as applicable, and make that evidence available to the State Superintendent upon request.
- 3) Alternative Evidence Method

A school district or nonpublic school may choose to award the State Seal of Biliteracy through an alternative evidence method in accordance with this subsection.

- A) The alternative evidence method may be used when:
  - i) a student attains an "intermediate mid" composite score, as defined in the ACTFL guidelines set forth in subsection (a)(1), or its equivalent, on a standardized assessment that addresses the four domains of speaking, writing, listening, and reading in the targeted world language;
  - ii) no standardized assessment exists for the targeted world language;
  - iii) evaluating the language proficiency of a student with disabilities for whom the standardized assessment is inappropriate; or
  - iv) the standardized assessment for the targeted world language does not assess one or more of the four domains of speaking, writing, listening, and reading.
- B) Any alternative evidence method used shall consist of a student portfolio that contains evidence for each component set forth in subsections (a)(3)(C) and (a)(3)(D) that demonstrates proficiency equivalent to an "intermediate high" level in the four domains of speaking, writing, listening, and reading.
- C) Experience in the Targeted World Language
  - i) the extent to which the student's language background enables him or her to gain proficiency in the targeted world language in one or more of the four domains;
  - ii) the extent to which the student's participation in intercultural activities provided opportunities to gain

proficiency in the targeted world language in one or more of the four domains;

- iii) the courses taken in the targeted world language and the grades received; or
- iv) the extent to which any time spent in countries where the targeted world language is spoken contributed to the student's opportunities to gain proficiency in the targeted world language in one or more of the four domains.

D) Work Samples

- i) formal presentations in the targeted world language;
- ii) student-produced compositions, articles, papers, and other formal documents in the targeted world language; or
- iii) certificates, diplomas, results from tests or assessments other than those identified under subsection (a), and additional achievements that demonstrate sufficient proficiency in the targeted world language.

b) English Proficiency

- 1) To be eligible to be awarded the State Seal of Biliteracy, each student must also demonstrate proficiency in English through:
  - A) attainment of college and career benchmarks on any nationally normed assessment of English language arts or equivalent dual credit coursework;
  - B) attainment of either a "meets standards" or "exceeds standards" for English language arts on the State assessments administered at the secondary level, as authorized in Section 2-3.64a-5 of the Code; or

- C) attainment of a "proficient" score on the English language proficiency assessment, as defined under 23 Ill. Adm. Code 228.10, administered at the secondary level; or
  - D) attainment of an "intermediate high" composite score on an assessment in English identified under subsection (a)(1).
- 2) The State Superintendent shall post on the State Board of Education's website by July 1 of each year a list of acceptable English language assessments (e.g., the Test of English as a Foreign Language (TOEFL®), the English as a Second Language ACTFL Assessment of Performance toward Proficiency in Languages (AAPPL), and the score to be achieved on each that qualifies the student as meeting one of the sets of criteria for proficiency set forth in this subsection. A school district or nonpublic school that chooses to use an assessment to measure English language proficiency that is not included on the list shall maintain evidence that the assessment meets the criteria specified in subsection (a)(1)(A)(iv) and one of the sets of criteria for proficiency set forth in this subsection and must make that evidence available to the State Superintendent upon request.
- c) The State Seal of Biliteracy program may offer a State Commendation toward Biliteracy to any student who fails to meet the requirements of subsection (a) but attains a score of "intermediate low", or its equivalent, in the targeted world language using the method set forth in subsection (a)(1) or (a)(3).
  - 1) "Intermediate low" is defined in the ACTFL Proficiency Guidelines 2012 referenced in subsection (a)(1).
  - 2) Each student must also demonstrate a level of proficiency in English through:
    - A) attainment of college and career benchmarks on any nationally normed assessment of English language arts or equivalent dual credit coursework;
    - B) attainment of either a "meets standards" or "exceeds standards" for English language arts on the state assessments administered at the secondary level, as authorized in Section 2-3.64a-5 of the Code; or

- C) attainment of a score established for part-time placement in a transitional bilingual education program (23 Ill. Adm. Code 228.30(c)) on the English language proficiency assessment, as defined under 23 Ill. Adm. Code 228.10, that is administered at the secondary level; or
  - D) attainment of an "intermediate low" composite score on an assessment in English identified under subsection (a).
- 3) The State Superintendent shall post on the State Board of Education's website by July 1 of each year a list of acceptable assessments (e.g., the ACTFL Assessment of Performance toward Proficiency in Languages (AAPPL), Advanced Placement (AP) World Language and Culture Exam, Diploma de Español como Lengua Extranjera (DELE)) and the score to be achieved on each that qualifies the student as meeting the criteria set forth in this subsection (c) for world language and English language proficiency. A school district or nonpublic school that chooses to use an assessment that is not included on the list shall maintain evidence that the assessment meets the criteria specified in subsection (a)(1)(A)(iv) and the applicable criteria set forth in this subsection (c) and make that evidence available to the State Superintendent upon request.
- d) In accordance with Section 2-3.159(g) of the School Code, the school district or nonpublic school shall place a designation of a qualifying student's receipt of the State Seal of Biliteracy in the student's permanent record on the academic transcript, as defined in 23 Ill. Adm. Code 375, and include the designation on the student's diploma. A school district or nonpublic school must also place a designation of a qualifying student's receipt of the State Commendation toward Biliteracy both in the permanent record on the academic transcript and on the student's diploma. The designations shall list each of the targeted world languages for which the State Seal of Biliteracy or State Commendation toward Biliteracy is being awarded. The State Board of Education shall make an electronic facsimile of the State Seal of Biliteracy and the State Commendation toward Biliteracy available to school districts and nonpublic schools for this purpose.
- e) A school district or nonpublic school that chooses to participate in the State Seal of Biliteracy program shall meet the requirements of this subsection.

- 1) A participating school district or nonpublic school shall notify the State Board of its participation by October 1 of each year. A district or nonpublic school that elects to participate after October 1 shall notify the State Board of its participation no later than 45 calendar days before the issuance of any State Seals or State Commendations.
  - A) A school district or nonpublic school electing to participate after October 1 shall include in its notification to the State Board evidence that the district or nonpublic school has met all of the requirements under this subsection.
  - B) A district or nonpublic school that fails to submit the proper notification within the timeframes provided shall be prohibited from awarding the State Seal and State Commendation for that school year.
- 2) A participating district shall designate at least one individual to serve as a coordinator of the State Seal of Biliteracy program and include the individual's name and contact information in the notice provided pursuant to subsection (e)(1). The individual assigned to serve as the coordinator of the program under this subparagraph shall:
  - A) hold a professional educator license endorsed in an administrative area issued pursuant to 23 Ill. Adm. Code 25; and
  - B) participate in training approved by the State Board before awarding the State Seal of Biliteracy awarded under the provisions of Section 2-3.159 of the Code and this Section and the State Commendation toward Biliteracy awarded under the provisions of this Section.
- 3) A participating nonpublic school shall designate at least one individual to serve as coordinator of the State Seal of Biliteracy program and include the individual's name and contact information in the notice provided under subsection (e)(1). The individual assigned to serve as the coordinator of the program shall:

- A) be an active administrator at the nonpublic school awarding the Seal; and
  - B) participate in the training approved by the State Board before awarding the State Seal of Biliteracy awarded under the provisions of Section 2-3.159 of the Code and this Section and the State Commendation toward Biliteracy awarded under the provisions of this Section.
- 4) Using a format prescribed by the State Superintendent, a participating school district or nonpublic school shall submit an annual report to the State Board no later than 30 days after the end of the school year that includes, but is not limited to, identification of each student awarded the State Seal of Biliteracy or the State Commendation toward Biliteracy, targeted world language or languages for which the State Seal of Biliteracy or State Commendation toward Biliteracy was awarded to the student, and the method the student used to demonstrate proficiency.
- 5) A participating school district or nonpublic school shall make available information about the State Seal of Biliteracy program to parents and students by posting on the district's or nonpublic school's website, if the district or nonpublic school maintains a website, and in the student handbook the following information:
  - A) general information about the State Seal of Biliteracy program and the opportunity for students to participate;
  - B) a description of the process a student would use to demonstrate proficiency in the targeted world language, including details about any alternative evidence that may be required under the provisions of subsection (a)(3), if applicable;
  - C) an estimate of the costs, if known, that students might incur to demonstrate proficiency using the methods under subsection (a); and
  - D) the name and contact information for any individuals designated to serve as the coordinator of the State Seal of Biliteracy program.

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 16, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education   
Dr. Ernesto Matias, Education Officer 

**Agenda Topic:** edTPA Cut Score

**Expected Outcome:** To discuss maintaining the current edTPA cut scores will be approved.

**Materials:** None

**Staff Contact(s):** Jason Helfer, Ph.D., Deputy Superintendent, Teaching and Learning  
Jennifer Kirmes, Ed.D., Executive Director, Teaching and Learning  
Emily Fox, Director, Educator Effectiveness

**Purpose of Agenda Item**

This agenda item is for discussion purposes only. In November, the Center for Teaching and Learning will request the Board to authorize the State Superintendent to approve maintaining the current September 1, 2018 – August 31, 2019 edTPA cut scores, retroactive to September 1, 2019.<sup>1</sup>

**Background Information/History**

The edTPA is a performance assessment that consists of three tasks: instructional planning, instructional delivery, and assessment. The edTPA requires a candidate to submit the following: lesson plans and supporting materials (planning), an unedited video clip (instructional delivery), and assessments and feedback on student work (assessment). Each of these tasks is augmented by short narratives that assist in understanding the unique context of the classroom in which the edTPA occurred. Work with the edTPA has been ongoing in Illinois since 2010<sup>2</sup>.

The edTPA underwent field testing for reliability and validity. In 2012, the edTPA was field tested in 21 states, including Illinois, by more than 9,000 teacher candidates. In 2013, more than 3,000 teacher candidates participated in further field testing. Data from this field test was used to set a passing score for the edTPA. Currently, 41 states, including Illinois and the District of Columbia, are participating in edTPA at some level. The edTPA is evaluated by trained, qualified scorers who use rubrics to judge candidate submissions consistently and fairly. Scorers must meet rigorous qualifications, including subject-matter expertise, recent teaching experience, and experience mentoring or supporting beginning teachers.

The edTPA standard-setting conference occurred in August 2013. The purpose of this conference was to identify the performance expectation for an initially licensed, classroom-ready teacher. A practitioner panel (higher education faculty and P-12 teachers) and policy panel (National Education Association, American Federation of Teachers, and state departments of education) independently examined edTPA field test data and, from this, suggested a professional performance standard (PPS). Illinois was represented on both panels.<sup>3</sup> The results of this work were released in November 2013.

<sup>1</sup> In order to ensure that any teacher candidate submitting an edTPA for evaluation between September 1, 2019 and the September 2019 Board Meeting is under the score requirements from September 1, 2018 – August 31, 2019, the motion for approval includes a retroactive date.

<sup>2</sup> Illinois College, Illinois State University, and the University of Illinois at Chicago have participated in various phases of field testing since 2010. The following Illinois programs participated in and received performance information from the spring 2012 field test of the edTPA: Concordia University – Chicago, Illinois College, Illinois State University, Knox College, Lewis University, National Louis University, Northern Illinois University, Southern Illinois University Carbondale, Southern Illinois University Edwardsville, Trinity Christian College, University of Illinois Chicago, University of St. Francis, and Western Illinois University. Data from these institutions was used to refine the scoring rubrics and the prompts to which candidates responded in preparation for the 2013 field test.

<sup>3</sup> Former State Superintendent Christopher Koch was a member of the policy panel and Professor Amee Adkins (ISU) was a member of the practitioner panel.

The practitioner panel and policy panel independently recommended the same PPS score of no greater than 42 for handbooks consisting of 15 rubrics.<sup>4</sup> In order to avoid erroneous decisions in scoring, developers also applied a half standard error of measurement to the PPS that resulted in a cut score range between 37 and 42. The integrated three-task design of edTPA and factor analysis findings support the assignment of one total score to the candidate upon which a pass/fail decision about readiness to teach is made. The total score is calculated as the sum of the scores on all the rubrics associated with the full collection of artifacts and commentaries, where all rubrics are given the same weight and contribute equally to the total score. Total scores can range from 15 to 75 for handbooks consisting of 15 rubrics. Utilizing a compensatory model, a candidate may “compensate” for lower scores on some rubrics with higher scores on other rubrics. The use of compensatory scoring for professional certification systems is standard practice and is employed in Illinois for state licensure tests.

Agency staff used the data from the field test summary document, input from stakeholders in Illinois, and guidance from staff at the Stanford Center for Assessment, Learning, and Equity (SCALE) to compile and send out a survey in February 2014 to ascertain the best approach to setting a cut score for teacher candidates in Illinois.

The survey provided individuals the opportunity to respond to four cut score options as well as to provide suggestions for the implementation of the edTPA. Three of the four options provided a rollout option in which the passing score would increase during the first five years of implementation. The fourth option was a single score for passing beginning on September 1, 2015. ISBE received almost 400 responses to the survey (n=396). The overwhelming majority of respondents supported a rollout of scores. This approach, in addition to aligning with the implementation guidance from SCALE, provided institutions time to become more familiar with the edTPA and develop appropriate supports for their candidates based upon context.

More specifically, a single recommended PPS was established for edTPA for use across all Illinois content areas and grade levels. The single PPS is a result of the integrative structure and evaluation process of edTPA, in which a single total score is assigned to each candidate’s entire edTPA submission. The candidate’s single total score is then compared to the single recommended PPS, which is the same PPS applied to each of the edTPA subject specific assessment handbooks. (See table 1.)

<sup>4</sup> The cut score for modern language and world language are based upon 13 rubrics. The cut score for elementary education is based upon 18 rubrics

<sup>5</sup> For content areas (e.g., world language, elementary education) that include either 13 or 18 rubrics, it is necessary to use an adjusted PPS because the score scale (number of possible scores) differs. A proportional adjustment is made such that the average rubric score corresponding to the total scores remains constant across fields. To achieve this adjusted PPS, edTPA began with the PPS based on 15 rubrics set during a national standard-setting event. This PPS was adjusted upward for areas with more than 15 rubrics (where higher total scores are possible) and downward for areas with fewer than 15 rubrics (where lower total scores are possible). This results in PPSs that are proportional to the number of rubrics and maintain the same average rubric score.

<sup>6</sup> The 18 rubric Elementary Education handbook requires candidates to complete activities in both elementary literacy and elementary mathematics. Institutions of higher education with approved teacher preparation programs in elementary education are able to select if they require candidates to complete a 15-rubric handbook where the focus is on either literacy or mathematics or the 18-rubric handbook.

In December 2014, the State Board approved the edTPA rollout option. (See **Table 2**.) Pursuant to 105 ILCS 21B-30, all candidates completing teacher preparation programs in Illinois since Sept. 1, 2015, have been required to pass an evidence-based assessment of teacher effectiveness approved by the State Board of Education.

<b>Table 2</b>

9/1/2019 and beyond	37	41	47

Agency staff has monitored edTPA pass rates annually since the test became consequential in 2015. Illinois candidates continued to exhibit demonstrated readiness for teaching as the rollout schedule progressed.

ISBE received requests from legislators, institutions of higher education, district and school leaders, and other stakeholders during the spring 2019 legislative session recommending that the cut score remain at its current level beginning Sept. 1, 2019, rather than increasing as called for in the original rollout schedule. This approach aligns with other surrounding states as Illinois already surpasses many of them by several points. (See Table 3.)

#### **Current Status:**

The edTPA became effective and required for Illinois candidates for program completion and licensure in September 2015, per School Code 21B-30 (b). In December 2014, the State Board approved the cut scores, per rubric, with a ramp up annually, as shown in **Table 2**.

#### **Relevant Data:**

**Table 4** below shows performance by rubric and ethnicity annually since 2015. In addition, **Table 5** provides *projected* pass rate data should the cut score increase on September 1, 2019.

**Pros and Cons:**

**Pros:** Maintaining the edTPA cut score will continue to hold candidates to a high level of preparation and is in alignment with passing scores in other states.

**Cons:** Increasing the cut score will result in a projected decline in candidate completers and, ultimately, educators in Illinois.

**Relationship to the State Board's Strategic Plan and Implications for the Agency and School Districts**

**Financial Background**

Not applicable.

**Business Enterprise Program**

Not applicable.

**Analysis and Implications for Policy, Budget, Legislative Action, and Communications**

**Policy Implications:**

Maintaining the current edTPA cut score will ensure that ISBE is meeting the requirement set forth in 105 ILCS 21B-30(f) of the Illinois School Code.5

**Budget Implications:**

Not applicable.

**Legislative Action:**

Not applicable.

**Communication:**

Upon approval, information regarding the cut score will be communicated with the field.

**Board Member(s) Who Will Abstain: None**

**Recommendations:**

This item is for discussion purposes only. At the November meeting, it is anticipated that the state superintendent will recommend that the following motion be adopted:

The Illinois State Board of Education hereby authorizes the State Superintendent to approve maintaining the current September 1, 2018 – August 31, 2019 edTPA cut scores, retroactive to September 1, 2019.

**Date of Board Action:**

**ILLINOIS STATE BOARD OF EDUCATION MEETING**  
**October 16, 2019**

**TO:** Illinois State Board of Education

**FROM:** Dr. Carmen I. Ayala, State Superintendent of Education  
Robert Wolfe, Financial Officer

**Agenda Topic:** Information Item: SBE Fiscal & Administrative Monthly Reports

**Materials:** Financial Status Report (contract & grant detail) – FY19 & FY20  
Comparative Statement of Expenditures – FY19 & FY20  
Appropriation and Spending by Program – FY19 & FY20  
Contract & Grant Awards Under \$1 million - FY19 & FY20  
10-yr Headcount History Graph, Monthly Headcount Graph, Staff Detail

**Staff Contact(s):** Scott Harry, Director, Budget

**Purpose of Agenda Item**

The purpose of this agenda item is to provide the Board standard reports with key information on fiscal and administrative activities of the Illinois State Board of Education.

**Background Information/History**

In June 2002, the State Board adopted bylaws outlining a new committee structure under which fiscal, audit, and operations issues will be handled by the Finance and Audit Committee. The Superintendent requested that the agency organize and standardize the financial and headcount data provided to the Board for its future policy work and decision-making.

The monthly or quarterly fiscal and headcount reports were first provided to the Board in August 2002. These reports provide information regarding staffing and funding as well as details of contracts over \$50,000 and grants the agency is processing.

At the request of the Board at the December 2011 meeting, a Contract & Grant Awards Under \$1 Million Report has been added to the SBE fiscal and administrative monthly reports package.

Currently, the following reports are provided:

1. Budget (annually in January)
2. Financial Status Report – Contract/Grant Detail (monthly)
3. Comparative Statement of Expenditures (monthly)
4. Appropriation and Expenditure (monthly)
5. Contract & Grant Awards Under \$1 Million (monthly)
6. Headcount Reports (monthly)
7. Headcount History Graph, Monthly Headcount Graph, & Staff Detail by Division

**Recommendations:**

The fiscal and administrative reports are for informational purposes only and do not require board action.

9/9/2019	John Price		<p>Dear Sir/Madame: This is a request under the Freedom of Information Act. I request that a copy of the following documents, or documents containing the following information be provided to me related to the ISBE's intervention in and takeover of two school districts, East St. Louis, and North Chicago: - Communication between East St. Louis District 189, North Chicago 187, or ISBE regarding the intervention in either school district starting in 2011 or the implementation of that intervention from 2011 to 2019. - Policy guidelines related to the state intervention in school districts. - Documents / memos given to the school district's boards related to the intervention proposal or implementation between 2011 and 2019. - Meeting agendas or notes from community events related to the state intervention proposal or implementation in either East St. Louis or North Chicago. - District plans or responses related to the intervention proposal or implementation. - District and school improvement plans during the time period of the study, 2011 – 2019. - Intra-unit communication related to the intervention proposal or implementation. In order to help to determine my status to assess fees, you should know that I am a graduate student affiliated with Western Illinois University, conducting research for my doctorate. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of a governmental agency and is not in my commercial interest. This research study seeks specifically to tell the story of district intervention in your district, and therefore will provide a benefit to you and the community stakeholders in your district. Thank you for your consideration of this request. Sincerely, John P. Price</p>

9/23/2019	Senior Child Nutrition Policy Analyst Alison Maurice	Food Research & Action Center (FRAC)	For the current 2019-2020 school year, please provide a complete list of all schools currently participating in the Community Eligibility Provision (CEP) with the following data points: LEA ID LEA Name School ID School Name Claiming Identified Student Percentage (ISP)* Individual ISP as of April 1, 2019 Student Enrollment *Please note that the claiming ISP differs from the individual ISP that is published each year around April/May. The claiming ISP is the ISP that determines the federal reimbursement schools receive for serving meals under CEP. The claiming ISP is established when a school begins a four-year CEP cycle. If schools are participating in CEP as a group, then each school will have the same claiming ISP while their individual ISPs will differ. Last year I submitted the same data request, but for the 18-19 SY. The individual ISP was reported rather than the claiming ISP. I worked with Ladd Mitchell in the Nutrition & Wellness Division who was able to provide the correct data. Attached to this data request you will find two items: first is the data that was provided last year so you have an example of exactly what information I am seeking; and second, is a template that can be used to return the data request. Please feel free to email me at amaurice@frac.org if you need any further clarification on the data that I am seeking.

9/24/2019	[REDACTED]	[REDACTED]	[REDACTED] [REDACTED] I was wondering if there was any way to locate the results of my test that I took back when I was in elementary school. This would have been done around [REDACTED]. It would've been during the 4th-5th grade standardized testing in schools. I attended [REDACTED]. I tested so high that the superintendent at the time made a special trip to our home to discuss the results with my parents. That led to me taking advanced classes after that. During that time there wasn't really any AP courses so I was pretty much placed in math classes the next grade above me. It really changed my life for the positive. I wanted to make that a focus of my speech and thought if there was any way possible to find out the type of test it was and possibly the results. My name again is [REDACTED]. [REDACTED]. I can provide more information if needed. I appreciate any help on this matter. This will be a fairly large conference of the top 2 percent IQ of the General population. 9/27/2019	Research Associate Andy Blanke	Center for Governmental Studies at NIU	My employer, the Center for Governmental Studies at NIU, has a contract with the Department of Commerce and Economic Opportunity to update a website with all the data local governments need to submit an Enterprise Zome application. One of the components of we need is the percentage of K-12 students participating in free/reduced-cost lunch programs in each school covered in the Illinois Report Card data system. We already have total enrollment by school, and the percentage of students eligible. But we do not have the number of students that actually receive free or reduced lunch via those programs. If this information is available, please send in a spreadsheet format, with schools identifiable in a way that they can be cross-referenced with Illinois Report Card files. Our contract has a deadline of October 1st, so a prompt response would be much appreciated. Thank you, Andy Blanke, MPA Research Associate Center for Governmental Studies at NIU

9/29/2019	Rui Wang	American University	I am trying to find data about the number of teacher and faculty by race and gender (White, Black, Asia, Hispanic, and Others) at school level from 2000 to 2018. However, I cannot find it in your data archive. Therefore, I was wondering could you help me to find the datasets? Data: Teacher and faculty by race and gender (White, Black, Asia, Hispanic, and Others) for each school. Time: from 2000-2001 school year to 2018-2019 school year. Thank you so much for your help! Please let me know if you have any questions. Thanks.

9/30/2019	Mr. Mike Ruff		Dear ISBE FOIA Officer, I am currently a graduate student at Western Illinois University. To prepare for my research, I need to filter through an enormous amount of school data to get to my target population. To do that, I am requesting a Microsoft Excel spreadsheet with the following information for all the schools in the state of Illinois. If possible, please send information related to 2019-2020. If that information is not available, please send data for the most current school year available. Please let me know if you have any questions. Respectfully, Mike Ruff [REDACTED] Every school's type status (presumably public, private, or any other) Every school district's superintendent name (first and last) Every superintendent's work email address Every principal's name (first and last) Every principal's work email address Every principal's 2019-2020 salary Every school's name Every school's locale category (presumably rural, suburban, urban, or other) Every school's mailing address (street, city and zip code) Every school's county Every school district's total student enrollment Every school building's enrollment Every school's breakdown of student ethnicity Every school's grade level(s) per building Every school's low income and/or free & reduced lunch percentage
