

Do You Want to Volunteer to Fight Hunger?

Become a...

SNAP Outreach Specialist

DC Earned Income Tax Credit (EITC) Campaign

From February 1 to April 15, the 2020 DC EITC Campaign helps low-income taxpayers from across the District file their taxes and claim credits that incentivize work and financial savings.

As a SNAP Outreach Specialist, you will provide information on SNAP (formerly known as food stamps) and other food resources in the District, screen clients for SNAP eligibility, and assist them in completing SNAP applications at DC EITC sites.

Get families the information and resources they need to put more groceries on the table.

All volunteers receive free training. An ideal volunteer has effective communication skills.

Volunteer 2-3 hours a week from February through mid-April.

Training for volunteers will be in January 2020.
