## GRANDFamily Connections

### Provider Network of Chester County

On Tuesday, April 6, 2021 at 9am

**Presentation by Rachael Miller, Policy Director at Pennsylvania Partnerships for Children**, which is a statewide, non-partisan, non-profit, advocacy organization focused on making Pennsylvania a top 10 state to be a kid and raise a kid.

Rachael will share their newly released report **Kinship Care in Pennsylvania: Creating an Equitable System for Families**. This report makes recommendations for ensuring that when children or youth must be removed from the home, they remain with kin — family or friends they know and trust — to reduce the trauma of removal by providing continuity of care and connections to their family and community, ultimately improving outcomes for the children down the road.

**About the Provider Network** The need for Grandparents or other family members to take on the parenting role for the children of loved ones is brought about most often by addiction, incarceration, or mental health issues.

To address the growing needs of GRANDFamilies and Kinship Families in our area, the Provider Network is open to all non-profit, faith-based, and government organizations that serve these families and their unique needs.

Through this Network, we aim to increase knowledge of the needs of these families, as well as the resources available to assist them, and support them in their journey.

**Sponsored By** Coatesville Center for Community Health with funding provided by the Brandywine Health Foundation
