

2022

Thursday, May 19th
9:00 am - 3:00 pm

Eastern Panhandle Watershed Group Gathering

We are back IN PERSON! Come join our discussion as we delve into topics such as conservation landscaping, local stream temperatures & fish health, the science of septic systems, and household hazardous waste disposal. This will also be a great opportunity to learn how to showcase your group's work in online publications and to participate in a facilitated networking session.
You won't want to miss it!
